Facilities

Bridge Course

Bridge course is a means to make students prepared to face the intellectual challenges of university education. It is designed for first year students only. It bridges the gap between higher secondary education and the university curriculum. After successful completion of the course it becomes very easy for teachers to identify slow and advanced learners quickly and design the teaching plan accordingly.

Short term Course

The department started short term course On “Vedic Mathematics”.

In Session 2016- 17 , 16 students are completed

In session 2017-18, 19 students are completed

In session 2018-19, 21 students are completed course.

The short term course co-ordinator Mr. M.T. Kolhe. In session 2018-19 the short term course is approved by R.T.M. Nagpur University Nagpur. This short term course helps those students who prepare for competitive examinations.
