## PREFACE

Arvi town is a tehsil place of Wardha district of Maharashtra State and is well known for its saintly traditions. In field of agriculture, white gold i.e. cotton yield is remarkable. Kaundinyapur is adjoining place of Arvi which is famous for its ancient history. Rukhmini, daughter of King Bhishmak of Vidarbha and wife of Lord Krishna belongs to Kaundinyapur.

Kundinyapur is a birthplace of Indumati (grandmother of Lord Shri Rama), Queen Damayanti (wife of king Nala), Lopamudra (wife of Agasti Rishi), Keshani (mother of Bhagirath) and Rukmini (wife of Lord Krishna). These five are known as *Panchasati* in Hindu Mythology.

Initially, in Arvi town flower farming caste *Fulmali* used to dwell. These people did farming of flowers known as *Advi* and hence the name of the town is Arvi. According to another mythological story, Rishi Arammi used forest area nearby Arvi town for self-enlightenment and hence name Arvi is famous. Saints like Telangrai maharaj, Mayabai, Tatyaji maharaj also belong to Arvi. The mosque of Telangrai is a symbol of secularism. Arvi town is known for its contribution towards music. A renowned harmonium artist Babulal Bhat was a disciple of “Kirana Gharana”. Manaji was a member of Kirloskar Drama Company of Pune and was very popular as an actor also belongs to the town. Volleyball is a popular game in the town and many players displayed their skills in National and State tournaments.

Lokmanya Library adds glory in the history of town as it was founded in 1865 which was earlier known as Native Library. During the tyranny of British Rule it was renamed after Queen Victoria’s name. Chintamanrao Tambe- the cousin of Rani Laxmibai was Chairman of the Library in 1903 and he was also Tahasildar of Arvi.

In 1867 Municipal Council was founded and a unique water distribution system based on gravitational force, saving electricity was successfully established.

The municipal high school was established in 1928. The alumni of this high school were Moreshwar Abhyankar, Narkeshari Maduhukar Ashtikar (man of Letters), Krishnkant Bhoge (Senior IAS officer), Shri Devidas Sote (famous colloquial “Warhadi” poet), Manohar Warhadpande and M.V. Deshpande (founders of Sahitya Academy) and Late Dattopant Thengdi (Founder of Akhil Bhartiya Mazdoor Sangh) also belong to the town.

The Krishak Education Society, Arvi was established in 1965 by Late Narayanrao Kale, a stalwart of co-operative sector of Maharashtra. This society runs four pre-primary schools, four high schools, one Junior college and one senior college. Presently Adv. D. N. Kale is the Chairman of this society. He is also a chairman of “Bharat Education Society” which is also one of the esteemed educational societies. The Krishak Education Society is indeed a major stakeholder in the field of higher education in Arvi region. Arts, Commerce and Science College provides educational facilities from junior to Post Graduation and research under a single roof.

The College was established in 1963 and primarily only Arts and Commerce faculties were started. In 1965 the college received government grants. In 1975, the college started its Junior college in Arts and Commerce faculties. In 1986, first post-graduation program i.e. M. Com. was started. In 1989, Arts and Commerce faculties got permanent affiliation of Rashtrasant Tukdoji Maharaj Nagpur University, Nagpur (Formerly Nagpur University). In 1990, the college was recognized by UGC as 2(f) and 12 (B) standards. In the session 1992-93, Science faculty was started for U.G. level. In the year 1997-98 subject English Literature was added to Arts faculty.

During 2000-01 to 2010-11, Computer Science (U.G.), M.A. (Marathi, Political Science, Home Eco.), M.Sc. (Computer Science, Chemistry), B. A. Additional sections and some professional courses / subjects like PGDCCA, MIS and IT, Biotechnology, Fashion Designing, B.B.A., DHNT, Music etc. are started. Our college has already completed fifty glorious years of its existence in 2014. A small plant is now turned out into a big tree of education to fulfill the needs of the learners of the surrounding community.

In first accreditation in 2004, the college got ‘B’ grade. In the second phase of accreditation in 2011, the college retained ‘B’ grade (with new methodology CGPA 2.29) till date. The recommendations of NAAC peer team in first cycle as well as in second cycle are almost followed. We are trying our best to follow our mission “Education to poor and all” with a step ahead towards vision “To develop a society with knowledge and technology according to the needs of surrounding community”. We are confident that dreams of our founders will come true. We are committed to develop democratic, humanitarian, scientific, rational, secular, social attitude among stakeholders.

## Principal’s Message

It is my proud privilege to state that with the encouraging support of our management, staff and students, the institution is ready to face third cycle of assessment and accreditation by NAAC. It gives me immense pleasure to point out that the collective efforts of all the stakeholders have added laurels to the glory of this college. The self-study report is an outcome of collaborative work of IQAC members along with all the stakeholders. Preparation of SSR is a herculean task. The collection of relevant data, its scrutiny and retaining the factual data for evaluating the realistic picture of the college requires team work. The college is proud to have imparted education to the thousands of youngsters and has enabled them to serve for society and ultimately to the nation.

In due course of time, college has shown progress by adding new short term courses. By upgrading teaching-learning methodologies, conducting extension programs, social surveys, research publications, we have enriched quality of education. Participation in National, International conferences, publishing research articles in journals of state/national/international, undertaking minor and major projects, organizing national level conferences etc. we have encouraged research activities and knowledge base of students. We have added infrastructural facilities and support services to meet the needs of ever growing number of students. Teaching staff and trained non-teaching staff facilitate the smooth functioning of teaching-learning and administrative activities.

Planned and systematic endeavor has provided us an opportunity to look, identify and overcome lacunas. I personally hope that third cycle of A & A will help us to introspect our honest and humble efforts to provide higher education to fulfill the clearly stated vision, mission and objectives.

## Executive Summary of Criterion

### Criterion I- Curricular Aspect

The Arts, Commerce and Science College, Arvi, is affiliated to Rashtrasant Tukadoji Maharaj University Nagpur, Nagpur. The institution offers four UG programs that is B.A., B.Com, B.Sc, BBA and seven PG programs, M.A. Political Science, M.A. Home-Economics, M.A. Marathi, M.Com, MCM, M.Sc. Computer Science, M.Sc. Chemistry and one UG Diploma in DHNT and one PG diploma that is PGDCCA. The institution has clearly stated its vision, mission and objectives and curriculum opted by the institution is in accordance with the long term vision and mission of the institution. For effective translation of the curriculum annual and monthly plan of teaching is prepared and implemented by every faculty member. Strong support mechanism in terms of ICT facility, enriched library with online data base is offered. Invited Talks, Guest lectures, Student Seminar, Quiz Competition, Workshop, Industrial Visits are regularly organized. Two faculty members Dr. M. R. Patil and Dr. S.A. Pande being members of BOS contributed in development and designing of curriculum. Moreover, the institution has designed and developed curriculum for five short term certificate courses. (Other than those offered by the parent University).

The institution offers certificate course in Environmental Study to aware the students about human impact on the environment, living and non-living things and their role in environment, protection and conservation of biodiversity. As per the University norms, in courses B.A. and B.Sc. range of core / elective options is available. The institution also ensures progression of students into higher studies by starting Post Graduate courses in Arts, Commerce and Science faculties and guiding research students by 08 research guides. Out of thirteen programs offered by the institution, ten are self-financing. In these self-finance courses some are traditional and some are professional. College also provides five Skill oriented Short Term courses relevant to regional need.

The outcome of the feedback mechanism on curriculum explicitly reflects the experiences of the students in those programs in which the institutional teachers are members of BOS. It ensures the contribution of the institution to modify, enrich and organize the curriculum. The efforts of the institution to integrate the cross cutting issues such as Gender Discrimination, Climate Change, Environment Education, Human Rights etc. are achieved through the activities of Woman’s Cell, I.C.C., Nature and Science Club, NSS Unit, Tree Plantation, Invited Talks, Rallies etc. For the holistic development of the students, institute celebrates national festivals, birth and death anniversaries of national heroes, Yoga Day, Blood Donation Camp, Residential camp by NSS unit, Cleanliness Drive, Dignity of Labor Camp etc.

Two faculty members as a part of BOS have actively participated in enrichment of the curriculum of Commerce and Hindi subjects. The institution has a mechanism to obtain feedback from students and stakeholders on curriculum. The feedback obtained on curriculum is communicated to the university through BOS members. The college introduced five new short term courses developed and designed by our faculty members. Language Lab, Smart Classrooms, Computerized library, extension of reading room, internet facility in library and language laboratory etc. help for effective implementation of curriculum.

## **Criterion II: Teaching, Learning and Evaluation**

The college is committed to provide better educational facilities in accordance with the needs of surrounding community in minimum expenses. The offered programs reflect the mission and vision of the institution. The college prospectus, college website are the sources of publicity about the admission process. The college strictly follows the reservation policy of the government and criterion for admission is as prescribed by the Parent University. As application and demand ration in every course is 1:1 the transparency is automatically maintained. Regular review of the admission process is taken by the college and admission process could be improved to ensure the present application and demand ratio. The increasing admission every year reflects the institutional commitment to diversity and inclusion. Diverse learning ability of the students is coped by adopting various teaching methods eg.-Towards differently abled students, teachers and staff pay special attention, slow learners are guided by providing extra coaching and the advance learners are encouraged and guided to participate in various academic activities in and outside the college. Advance learners are also guided to attend various training courses at institutions and outside the institution. Bridge course helps to bridge the gap of +2 knowledge and first year subject content. Smart classrooms, well equipped laboratories, internet facility, computer and other ICT tools facilitate the learners for effective learning and for teachers to make effective teaching. Gender issues are resolved by various committees like ICC, Grievance Redressal Cell for staff, Women Cell, ICC and Anti Ragging Cell etc.

Students at the risk of dropout are identified and they are mentored by acomodating them in Mentor Scheme. Early marriage of the girls is a major risk of dropout of girls. College Women Cell sensitizes such parents not to discontinue the education of the girls for early marriage.

For effective teaching learning college prepares academic calendar. Each teacher prepares annual and monthly teaching plan and maintains academic diary. Class test and terminal examination are conducted. Result analysis is made to monitor teaching learning process. Feedback mechanism, use of ICT, monthly review of the teaching plan enhances the teaching learning and evaluation process. To inculcate scientific temper, creativity and

critical thinking among learners more emphasize is given to laboratory teaching, curricular and co-curricular activities, guest lectures and students’ seminar. The efforts have been made to make learning more student centric by allowing learners to interact with eminent personalities visiting to the institution. Free internet facility in library, language laboratory and computer laboratory, four industrial visits, 32 students’ seminars and workshops, 23 guest lectures are organized to make learning more student centric. The faculties are exposed to advance level of knowledge by allowing them to participate in orientation and refresher courses, to participate in seminar, conferences, workshop, to work as expertise resources person etc. Academic, personal and psycho social support to students are ensured through the activities of Competitive Examination Coordination Committee (528), Career Concelling Cell (708), Student Information and Guidance Cell (all Students), Equal Opportunity Cell (105) Entrepreneurship and Skill Development Cell (472), Mentor scheme(540), Short Term courses(137) and Placement Cell(43) (Numbers in bracket indicates number of beneficiaries in last five years). The college has 28 well qualified teaching staff and 18 techno savy non-teaching staff. The 17 teachers have acquired doctoral degree. 13 teachers are having M.Phil. degree. Faculties have freedom to adopt innovative teaching learning methods. For the academic development teachers are allowed to join Refresher Courses (11) and Orientation Program(06). The college always encourages and deputs the staff members to participate in Staff training conducted by University (9), Staff training conducted by other institutions (05), Summer/Winter school (13) (Numbers in bracket indicates the participation in last five years). College also organized faculty training programs like Internet Training, Operation of Smart Classroom, Workshop on use of N-LIST and OPAC, Yoga Camp etc. The institution provides leave under faculty development program, duty leave to attend Refresher Courses, Orientation Programs, Short Term Courses, Seminars, Conferences, Workshops etc. so as to invigorate them.

The performance of the students is checked by continuous evaluation through class room interaction, internal assessment, viva-voce, test and terminal examination within the framework given by the Parent University. Summative evaluation of the students’ academic performance is carried out thorough seminars, practical examinations and University examinations. The college has a mechanism for redressal of grievances with reference to evaluation at college level as well as at university level. The college has clearly stated learning outcome such as to improve the academic performance of the students at degree level (UG, PG). In last four years University results show improvement in this regard. The college teachers adopt economically weaker students to ensure the effective learning of poor students. Prizes and awards from the teachers, parents and management help to boost the teaching learning process.

### **Criterion III: Research Consultancy and Extension**

The healthy and supportive environment is maintained by the institution to extend encouragement and boost research activities. Institute provides independent laboratories with necessary instruments/equipment, library facilities to make faculties active in research work. Research committee monitors and address the issues of research. Recommendations of research committee are considered while preparing academic calendar. Out of 28 faculties 17 faculty members are Ph.D. degree holders, 08 faculties are recognized research guides. Eleven students are registered as research scholars under the guidance of three of them. The teachers involved in research activities have published 184 papers during last five years. Eight departments have taken up Minor projects and one has taken Major research Project; out of which five minor and one major research Projects are completed. One faculty member has registered a Patent and it is in published status. The college has organized two one day national conferences and one national seminar after second cycle of accreditation.

In case of the research grant received from any other agency like UGC, teachers are given freedom to utilize the received grant. The institution has well equipped non-recognized 09 laboratories. Central library provides ample collection of reference books and nine research journals with INFLIBNET facility and N-LIST consortia with online data base facility through which researcher can avail 30,00,000+ e-books and 6,000+ e-research journals. Since the institution has non-recognized laboratories, research guides of our institution are guiding the research scholars in collaboration with other recognized institutions. One faculty of our institution has written a chapter in a book, two faculties have edited two books, five books (with ISBN number) are authored by our faculty members and nine without ISBN number. One faculty member has received State award from reputed professional body. The institution offers two consultancy services and many extension activities as institutional social responsibility. NSS unit of the college is mainly engaged in extension program. In last five years near about 26 extension activities are carried out by NSS and various department and spent Rs. 5,68,700/- on extension programs. The institution has undertaken survey on Farmers’ Suicide and ensures the involvement of the students and staff with community. The institute collaborates and interacts with research laboratories through various departments. One MOU is signed and two MOUs are in process. Research publication output and number of teachers having Ph. D. degree have been increased in last five years. This indicates institution’s inclination towards research.

### **Criterion IV: Infrastructure and Learning Resources**

College has adequate physical infrastructure to run the academic program efficiently in an area measuring five acres. The total built-up area of the college is 4034.88 Sq. mt. During

The college library has special section for competitive examination literature. Language Laboratory is used to inculcate listening skills and pronunciation skills. Five short term skill based courses are also available in the college. For slow learners extra classes, Remedial coaching, tutorial classes are organized. Yearly college magazine ‘*Fulora*’ is regularly published by college. To facilitate entrepreneurial skills among students, college organizes workshops, training programs on dress designing, textile-clothing and embroidery. Vermi-compost unit is functioning in college. Food fest is celebrated during cultural week every year.

To promote the participation of students in extra-curricular and co-curricular activities, students are given leave of absence and extra classes are conducted. Incentive marks are given as per University norms. Flexibility in timetable of internal examination is practiced. TA / DA are given to the team participating in inter college / state level competitions. Moreover, necessary dietary supplement, sport material, uniform, prizes etc. are given. College runs guidance consultancy in competitive examination. This center conducts regular classes, organizes guest lectures, seminars for the preparation of competitive examination. During last five years, 15 students have cleared competitive examination and they are working in different fields. Moreover, with the guidance and support of teaching faculties three students have cleared SET and one student has cleared GATE. The college offers academic counseling at entry level by admission committee. The counseling of students is also achieved by the Principal’s address, Bridge Course Activity, Mentor Scheme, activities of Career Counseling and Placement Cell etc. The college has Career Guidance and Placement Cell which arranged campus interviews during (2013-14, 2015-16) in last four year and 43 students were placed. The college has Redressal Cell for students and staff. The issues parenting to sexual harassment are dealt by ICC. The college has Anti Ragging Cell. Through different welfare schemes, like Pupil Guardian Scheme 76 students, in earn and learn scheme 27 students and in Mentor Scheme 560 students are benefited. Students’ consumer store and free medical camps are the welfare schemes for students and staff. The college has a functioning Alumni Association.

The students success rate and completion rate of our college is better than other colleges in surrounding area. 03 students of PG achieved merit ranking in the university examination in 2011-12 and one PG student in 2013-14. Mentor Scheme, Pupil Guardian Scheme, Earn and Learn Scheme and Women’s Cell provide special support to the students who are at the risk of failure and dropout.

The college offers 12 Sports/Games activities, 08 cultural activities, 09 extra-curricular activities. Students’ participation in sports and game at inter-collegiate for last five years are- 72 students in 2011-12, 69 in 2012-13, 81 in 2013-14, 63 in 2014-15 and 63 in 2015-16. To encourage the students and support them, college offers best NSS Volunteer Award, Best Reader Award, Cash Prizes by the parent society for toppers, felicitation of the merit students.

## **Criterion VI : Leadership Management and Governance**

To achieve the vision and mission of institution, teaching staff initiated student’s adoption program. To extend support to this local NGOs and some eminent personalities of the town came forward. Pupil Guardian Scheme of our institution proved to be the best and unique of its kind. Apart from educational help, helping hands have established bond of love with the families of students.

The institution provides eco-friendly campus with best infrastructure, efficient staff, well equipped laboratories, ICT facilities, professional and technological base programs, and skill based short term courses.

Executive members and teaching staff participate in LMC, IQAC, Staff Council, Purchase Committee and other 39 committees. Everyone has a distinctive role and dedicated participation in these activities. This has resulted in proper planning and effective implementation of the policies.

LMC and IQAC monitors and takes review of administrative and academic measures taken by the respective departments in its meeting. Free hand is given to HODs for proper planning and implementation of teaching-learning plans, extra-curricular and co-curricular activities, students’ centric activities, research activities, extension/outreach activities. To groom the academic leadership institution provides research facilities, duty leaves, freedom to organize state / national conferences etc.

The college through its 39 different committees tries to decentralize the academic, curricular and co-curricular activities and administrative activities. To inculcate participative management in these committees participation of teaching staff, non-teaching staff and students is ensured. The institute has prepared a five years perspective development plan. It includes the academic improvement, facility improvement, infrastructure, research activities and assessment of faculties. The decision making process includes all committees, management and IQAC. The quality enhancement plans and the financial policies are decided through the decentralized mechanism of institute and in this way effective governance is achieved.

For the quality improvement in teaching and learning academic diaries are mandatory. This is achieved through micro teaching planning, use of ICT in digital classrooms, library with recent books, journals, e-resources, well equipped laboratories, extra coaching for slow learners etc. For the quality improvement in research and development the institution provides all necessary requirements. During last five years there is a remarkable increase in publication. Doctoral degrees have been awarded to most of the teachers. Human resources within and outside of the institution are used to optimize the quality improvements of the institution. The adequate information is made available by the head of the institution to the top management through LMC meetings. The financial budget is prepared and approved in LMC meeting. An audited statement of receipts and payments, income and expenditure account and balance sheet are prepared by Chartered Accountant and submitted to competent authority.

The institution resolves grievances / complaints through Grievance Redressal Cell for students, Grievance Redressal Cell for staff, Internal Complaint Committee and Anti Ragging Cell. Feedback mechanism is also used in the college. The college takes many initiatives to enhance the professional development of its staff. Performance Appraisal system is adopted for the teaching staff as well as self-appraisal for teaching and non-teaching staff is maintained.

The IQAC is functional with members from the management, student, non-teaching staff, external members and alumni. IQAC actively involves all its members in designing and implementing of policies. IQAC has organized one day workshop on NAAC criterion on 31 Dec. 2015. It has also organized five day seminar on seven criterions for teachers and

non-teaching staff. IQAC organized training for use of smart class rooms and use of internet.

### **Criterion VII : Best Practices and Innovation**

The college regularly organizes tree Plantation within and outside the college premises. Continuous efforts have been taken by staff and students to make campus green, clean and eco-friendly. College maintains lush green area in some places of the campus. College ensures energy conservation achieved by providing infrastructure which includes optimal natural air and light. Power saving is achieved by using CFL/LED wherever necessary, keeping computers on sleep mode, old CRT monitors are replaced with TFT monitors. College NSS unit constructed check dam in collaboration with forest department, to ensure rain water harvesting outside the college premises. For carbon neutrality college tries to keep green campus and act accordingly. The college ensures plastic free campus. Students of NSS unit participated in Government of Maharashtra’s “Two Crore Tree Plantation Mission” and won the district level prize for best plantation unit. Dry wastes are collected and driven out in Municipal corporation garbage carrier and wet garbage is decomposed in Vermi compost unit. E waste and waste paper are auctioned and sold for the recycling.

For holistic development of students, college uses innovative practices like- Short Term Skill Based courses, Feedback Mechanism, Exhibition, Students’ seminar, conference, workshop, use of ICT, Bridge Courses, Mentor Scheme, Ragging free campus, Internal Complaint Cell, CCTV, dress code and I-card culture , Tobacco free campus, involvement in services community, extension activities, coaching classes for competitive examination, working digital club, Vermi compost unit, Pupil Guardian scheme , farmer suicide scheme and many more.

Two best practices of college are Pupil Guardian Scheme (Dattak Palak Yojana) and Farmers, Suicide Relief Fund. Some other best practices of the institution are Earn and Learn Scheme, more email correspondence for paperless office, students consumer store, uniforms, academic Diary, CCTV surveillance, Bridge course, Mentor Scheme, Short term skill based courses, departmental stock checking, principal’s address at the beginning of the session, national anthem, organization of book exhibition, Vermi-compost unit, etc.

- Least vacant positions of staff.
- Remarkable sport activities.
- Two new schemes- Bridge Course and Mentor scheme have been launched for students’ welfare.
- Strong support from Alumni.
- Campus with CCTV surveillance and inter-com facility.
- Active IQAC support in planning, execution and monitoring of academic events.
- Fully computerized administrative office and library.
- Adequate number of extension and outreach activities.

### **Weakness**

- Restricted research activities due to non- recognized research laboratories.
- Lack of opportunities for industrial collaboration because of negligible industrial crowd around the place.
- Out of the vacant posts, the Government permits to recruit only 50%.

### **Opportunities**

- To make collaboration and MOU.
- To organize more Placements drives.
- Being multi faculty institution there is an opportunity to start multifarious streams at PG level.
- Excellence in sports activities may lead to additional benefit in job opportunities.
- To apply for recognized research laboratories.

### **Challenges**

- Less proficiency in English speaking and writing.
- To increase awareness and inclination of the students toward professional courses.
- Weaker attendance.
- Less job opportunity due to more admissions in traditional courses rather than in professional courses.
- To attract brilliant student towards basic sciences.
- Linkages and collaborations with industries.
- Less Computer literacy is a big challenge for students of Arts faculty.

## Criterion I - Curricular Aspects

### 1.1 Curriculum Planning and Implementation

#### 1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

##### Vision Statement:

“To develop the society with knowledge and technology according to the needs of surrounding community.”

In the wake of independent India, the founder Chairman, Late Narayanrao alias Dadasaheb Kale envisioned the needs of the society. Accordingly he dreamt to provide excellent quality education for the rural students of Arvi. His vision is stated : “परिसरातील शैक्षणिक गरजेनुरूप ज्ञान व तंत्रज्ञान संपन्न समाज निर्मिती.”

##### Mission Statement:

“Education to Poor and All” - our College is committed with this mission. Through our own schemes and curriculum, we are trying to provide education to Poor and all. To achieve this mission we are focusing -

- To provide financial assistance to poor and needy students.
- The wards of farmers and economically weaker section are selected in Pupil-Guardian scheme (Dattak-Palak Yojana)
- “Earn and Learn Scheme” is designed to provide financial assistance to maintain self-respect.
- To develop professional skills the college has started “Entrepreneurship and Skill Development Cell” and “Short Term Courses”
- To meet the global needs we have started science faculty in 1993.

##### Objectives:

To enrich Arts, Commerce and Science faculties following aims and objectives are set.

- To provide higher education to all, especially students of rural areas and economically weaker section at minimum cost.
- To develop and run various schemes to bring forth the dormant skills of the students.
- To create social and cultural awareness amongst the students of rural area.
- To develop voluntary interest in social services, social welfare and to promote feeling for social equality.
- To inculcate patriotism and communal harmony in students.
- To develop knowledge base of the students and enrich their capacity for better career opportunities.

- To develop scientific attitude and holistic development of the students.
- To share the responsibility of students of economically weaker section
- To create interest in science and technology and to overcome from disbeliefs in society like superstitions, female feticides and other old rituals, through rational thinking.
- To create interest in ICT and environmental studies.
- To provide Distance Education through Yashwantrao Chavan Maharashtra Open University, Nashik (YCMOU) for self-employed students.
- To provide the facility of Post-graduation in Arts, Commerce and Science faculties.

The vision, mission and objectives are communicated to the students, teachers, staff and other stakeholders in the following manner:

- The college publishes prospectus every year in which vision, mission and objectives are stated. They are also communicated worldwide through college website.
- At the beginning of the session Principal addresses the students and communicates vision, mission and objectives.
- Monthly meeting of teaching and non-teaching staff is also organized to emphasize aims and objectives.
- Management of the college actively participates in the fulfillment of the vision and mission and is well informed.

**1.1.2. How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).**

The college meticulously:

- a) Develops action plans for effective implementation of the curriculum as follows:
  - In the beginning of the session, all HODs ensure the distribution of workload as per the norms of University.
  - Every teacher prepares Annual Teaching Plan and mentions it in Academic Diary, with scheduled lectures, duration of completion etc.
  - Annual Teaching plan of every teacher in the department is monitored by HOD.
  - Every teacher has been provided academic diary in which his personal time table, teaching workload and period of stay in the department, class engaged, topic covered, practical engaged, library references, meetings, attendance etc. are mentioned.
  - Each department follows an Academic Calendar prescribed by college/ University to complete the curriculum.
- b) Deployment of Action Plan:
  - Allocation of time table at department level.
  - Distribution of workload (Theory and Practical) by HODs.

- Paper wise and Unit wise segments of curriculum are divided in a time bound frame by faculty.
- Micro teaching plans are developed by each faculty.
- Periodic reviews of completed curriculum are taken by HOD
- Review by the head of the institution in monthly meeting.
- Audio visual aids, smart class room, PPTs are used for effective teaching.
- Students’ evaluation is done by unit tests and terminal examinations.

**1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?**

Support from the Universities/institution to the teachers.

- a. The institution encourages the teachers to attend orientation programmes, Refresher Courses, Short Term Courses and Workshops organized by HRD Cell of the University.
- b. The Board of Studies of the University designs curriculum and conducts the examination. This facilitates the institution for the smooth functioning of the teaching - learning and evaluation process.
- c. University Academic Calendar provides information about annual schedule which is followed by the institution, such as the schedule of practical, theory examination and holidays.
- d. The college central library provides books, CDs / DVDs and necessary academic help to teachers.
- e. College has setup Language Laboratory, Smart Class Rooms for the effective teaching-learning through ICT.
- f. For the enrichment of subject knowledge departments organize seminars, conferences and workshops.
- g. To increase environment awareness amongst the students, the college runs a certificate course in environmental studies, as per the direction of the University.
- h. Eminent scholars are invited by the college for the guest lectures on varied topics related to the syllabus.

**1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction of the Curriculum provided by the affiliating University or other statutory agency.**

- The curriculum is designed by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur and received by the institution through different notifications which is in the form of syllabus and other needful information.
- HODs organize departmental meetings and chalk out the yearly plan of teaching-learning process.
- Wherever needed contributory teachers are appointed for the completion of curriculum.
- Every year college organized study tours, industrial visits, exhibitions and different competitions regarding curriculum. This way effective curriculum delivery is achieved.
- Teachers are using Smart Class Rooms and ICT for effective curriculum delivery.

- Guest lectures, invited talks, class seminars on current issues are organized by departments.
- Study materials are updated from time to time.

**1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalization of the curriculum?**

- HODs of various departments take initiatives to arrange the students’ visits to the research center, industries and financial firms for effective operationalization of the curriculum.
- Entrepreneurship and Skill Development Cell identifies professional bodies and arrange seminars in order to inculcate professional skills relevant with curriculum among the students.
- We invite experts from industries, research bodies and Universities, when and where needed, to deliver guest lectures on certain topics of the curriculum.
- Research scholars (including teachers from the institution) are allowed to attend various research meets, National and International Conferences so as to keep research temper alive.

**1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University? (number of staff members/departments represented on the Board of Studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions etc.)**

- The college is not an autonomous institution and hence does not have right to design curriculum. It is framed out by the affiliated University and followed.
- Dr. Milind R. Patil, HOD of Commerce Department of our college was Chairman of Board of Studies for Commerce during 2010 to 2014 and has contributed in the development of curriculum.
- Another faculty, Dr. S. A. Pande has been nominated on B.O.S. (Board of Study) of Hindi and he contributed in the development of curriculum of Hindi.

**1.2.6 Does the University provide the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the options of their choice from the available courses/combinations? If ‘yes’, how does the institution take advantage of such provision for the benefit of students?**

- Parent University does not provide such flexibility.
- Regional center of YCMOU, at Nagpur provides sub-center of Distance mode of learning to our college. B.A. and B.Com. Courses are available in this center.
- College provides infrastructure, library and faculties for these courses.

### **1.3 Curriculum Enrichment**

**1.3.1 Describe the efforts made by the institution to supplement the University Curriculum to ensure that the academic programmes and its goals and objectives are integrated.**

Following efforts have been taken:

- We have restructured over feedback mechanism to obtain suggestions from students, stakeholders, parents, alumni, etc.
- Internal academic audit is carried out by the Principal in monthly staff meeting and teachers maintain academic diaries.
- College tries to enhance student’s communication and computational skills.
- Tutorials, remedial classes and subject wise seminars are organized to supplement the curricular needs.
- New entrants are monitored by the cluster in-charge through the Mentor Scheme.
- The institution strictly follows the state reformation policy to give maximum benefits to the poor and backward class students.
- Interaction among the faculties and students is strengthened by organizing various co-curricular activities.
- To promote the self-study aptitude among the students, home assignments and projects are given to students.
- Organization of study tour of related syllabus.

**1.3.2 What are the efforts made by the institution to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to the needs of the dynamic employment market?**

- The institution modifies, enriches and organizes the curriculum that explicitly reflects the experiences of the students only in those programmes in which the institutional teachers are the members of Board of Studies. In any other courses there is no such freedom to the institution.
- Dr. M. R. Patil, Chairman of BOS of Commerce and Dr. S. A. Pande, Member of BOS of Hindi of Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur are actively involved in curriculum designing.
- As per the needs of local community the institution has a freedom to frame and develop Short Term Skill Based Courses, which provide skilled human resource to the dynamic employment market.

**1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc. , into the curriculum?**

Serene Efforts have been taken by the college in this regard

- Considering the 70% female students, Women’s Cell, Task Force for Protection of Girls of College Campus and Hostel, Cell against Sexual Harassment and Gender Violation actively work out related issues and make them aware about their rights and duties.
- Safe and secured Girl’s Hostel is provided for the needy students.

- Nature and Science Club organizes various guest lectures, seminars to acquaint students about climate change. Environmental study is taught as a compulsory subject.

- NSS celebrates Human Rights Day, Consumer Day, International Labor Day. Similarly, various programmes are arranged to inform students about Human Rights.
- Every month funds are collected from the teacher staff for ‘Dattak Palak Yojana’ (Pupil Guardian Scheme). This fund helps poor and needy students to complete their education.
- ‘Farmer Suicide Relief Fund’ is raised and distributed among the victimized families.
- Donation to ‘Sainik Nidhi’, ‘Flag Day Donation’, etc. are collected and sent to competent authorities.
- The college has established two Smart Class Rooms and a Language Laboratory which provide an opportunity to use ICT in knowledge gaining.
- Teachers are required to prepare 20% of their syllabus in soft copies, eg. Use of PPT, Video Lectures, Audio Lectures and other Study material. This develops students’ interest in learning process.
- Discipline and Campus maintenance committee and Anti Ragging Cell take care of discipline.
- Tree Plantation is done every year and efforts are made to keep campus eco-friendly.
- All the Staff Members and Students try to save electricity.
- Students are sensitized over these cross cutting issues by organizing invited talks, workshops, rallies, etc.

**1.3.4 What are the various value-added courses / enrichment programmes offered to ensure holistic development of students?**

*moral and ethical values*  
*employable and life skills*  
*better career options*  
*community orientation*

**Moral and ethical values**

To ensure development of students in moral and ethical values following are the enrichment programmes.

- Both the shifts of college begin with national anthem.
- National festivals are celebrated with the active participation of students.
- Birth and death anniversaries of the national heroes are celebrated by the students’ Board of Studies of college.
- Gita Parivar, Arvi Branch celebrates Swami Vivekanand Jayanti every year in which debate competition, elocution etc. are organized on current topics.

- NSS Department of the college with the active participation of students perform many activities like blood donation camp, ten days residential camp at nearby village, tree plantation, cleanliness drive, dignity of labour, literacy mission, AIDS awareness rallies etc. These programmes are useful to develop moral and ethical values among the students.
- Women cell organizes the programme of women’s day.

### **Employable and Life Skills**

- UG Course of all the three faculties has an extension in PG Programmes for a better employability.
- Career Counseling Cell of the college is actively engaged in offering information about various employment sectors and also organizes guest lecturers to opt better life skills.
- Placement Cell of the college organizes placement drive by linking with various private companies and thus better career options are introduced to students.
- Various workshops are organized for the competitive exam guidance and interview skills.

### **Better Career Options**

- Professional Courses, Short Term Skill Orientated Courses help students for better career opportunities.
- Research guides in various departments provide opportunity to pursue doctoral degree.
- Entrepreneurship and Skill Development Cell work as a bridge between skills training institutes MGIRI, Wardha and students of the college. MGIRI is a National institute that provides entrepreneurial skill.
- Entry in Services Scheme of the college helps students to get job in Government and Non-Government sectors.
- Placement Cell organized placement drive to offer job opportunities in non-government sectors.

### **Community Orientation**

- NSS department of the college, with its various activities is always engaged in Community Orientation.
- Various community oriented schemes like Dattak Palak Yojana, Earn and Learn Scheme, Farmer Suicide Relief Fund, Vermi Compost Production and Sale are available in the institution.
- To ensure Cashless Society and to empower the community with digital financial transaction, the college has setup Digital Club in which expert teachers, staff and students are engaged in orientation of the society.
- AIDS week campaign, various rallies, Blood Donation camps and in various central - State Government's programmes and policies are practiced by teachers and students.

### **1.3.5 Cite a few examples to enumerate the extent of the use of the feedback from stakeholders in enriching the curriculum.**

- The curriculum is designed and developed by university.
  - The institution has to accept it as it is.
  - However the teacher representatives are on board of studies
- 1) Dr. M.R. Patil (Commerce Dept.)
  - 2) Dr. S.A. Pande (Hindi Dept.) as a member of BOS and represented our college in the development and design the curriculum.
- The input of feedback from the students on curriculum is taken into consideration by these faculties as a member of BOS.
  - As per their suggestions we have started P. G. courses in three faculties of education, which has provided a better opportunity for students for higher education.

- Traditional courses do not provide employability. So we have started Short Term-Skill oriented courses, as per the students’ feedback.
- The suggestion received from the feedback have been conveyed and placed in meetings of Board of Studies of Commerce and Board of Studies of Hindi, who are the faculties of the college.

### **1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?**

- Enrichment in the curriculum is ensured with the feedback mechanism from stakeholders.
- Academic enrichment is evaluated by the HODs of departments and it is monitored by the head of the institutions in monthly meeting.
- IQAC prepare the five year plan including enrichment programmes with the prior consultation of head of the institution and Local Management Committee members. This five year plan is evaluated at the end of every academic session. For this subject wise results are compared with previous years. This comparison is then analyzed by the faculties of respective departments.
- Infrastructural needs, infrastructural changes, up gradation of library, up gradation of ICT material etc. are evaluated by the Principal.
- IQAC ensures the action and evaluation of enrichment programmes which are included in the academic calendar.

## **1.4 Feedback System**

### **1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?**

- The college permits the interested faculty members to attend workshops and meetings organized for the curriculum developed by the University.
- Two faculty members as a part of BOS have actively participated in enrichment of the curriculum of Commerce and Hindi subjects.
- Some faculty members of our college have published many books in harmony with the curriculum.

### **1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If ‘yes’, how is it communicated to the University and used internally for curriculum enrichment and introducing changes / new programmes?**

Yes, we have a feedback mechanism which obtains annual feedback from students and stakeholders on curriculum.

- The feedback obtained on curriculum through this formal mechanism is communicated to the University through the BOS members of the respective boards.
- However, the feedback on curriculum in other department helps HODs in the workshop of the post-curricular design and development seminar / workshop organized by University. This helps them to suggest recommendation regarding the curriculum.

**1.4.3 How many new programmes /courses were introduced by the institution during the last four years? What was the rationale for introducing new Courses / programmes?**

- As such college has not introduced any new programme / course which is developed and designed by the University, during last four years. But the college has introduced new programmes / courses designed by the expertise faculties.
  1. Certificate course in Vermi-Compost Production
  2. Vedic Mathematics Certificate Course
  3. Certificate Course in Spoken English
  4. Certificate Course in Tally ERP 9.0 and Office Automation
  5. Handicraft Certificate Course
- Bridge courses in all subjects for the entry level students are practiced.
- The curriculum of these programmes were developed and designed by our faculty members.
- The rational for introducing these new course/program is to sensitize the students studying in traditional courses to skill based courses.
- Moreover, the rational for introducing bridge course is to cope up the knowledge gap of entry level students from higher secondary level to UG level in respective subjects.

**Any other relevant information regarding curricular aspects which the college would like to include.**

- To develop listening skills and phonetics of English language, the college has setup language laboratory.
- Smart class rooms help teachers as well as students to speed up the teaching learning process.
- Computerization of library helps students and teachers for easy access.
- Extension of library reading room helps the students for study and reading purposes.
- Internet facility in library facilitates the student for searching e-literature and Bioinformatic literature.
- Construction of Indoor Sports Facility Centre is in progress.

## Criterion II – Teaching-Learning and Evaluation

### 2.1 Student Enrolment and Profile

#### 2.1.1 How does the college ensure publicity and transparency in the admission process?

- After declaration of Board / University results, college displays notice regarding admission process.
- The admissions are given to the applicants on first-come-first serve basis.
- The college prospectus highlights the admission process, courses, fees structure and other details.
- Reservation policy is followed by the institution while admitting students.
- Application and demand ratio being 1:1 in every course, the transparency is automatically maintained and reservation policy for the admission process is maintained.
- Any grievance regarding admission is resolved by the head of the institution in consultation with admission committee.

#### 2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the institution.

- The traditional courses are run in the college and the intake capacity is sufficient enough to accommodate the applicants.
- We do not display or prepare merit list so as to avoid students’ inconvenience. This accelerates the admission process.
- Application and demand being 1:1, we do not conduct common admission test, entrance test and interview. Also we do not prepare and or display merit list. But meritorious students are admitted on priority basis and deserving students are admitted through management quota.

#### 2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college.

#### U.G. Program

Sr. No.	Name of U.G. Program	Percentage of Marks at entry level

6	M.Sc. (Comp.)	61.33	40	49.08	44.10	70	40	Nil	Nil	68.50	36.02

**2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If ‘yes’ what is the outcome of such an effort and how has it contributed to the improvement of the process?**

After declaration of various exam results, the admission committees take review of available seats and the intake capacity in the respective courses.

- Review taken by the admission committee is discussed in staff meeting and accordingly strategies of admission process are setup and approval of the staff council is opted.
- The approved planning of the admission process is placed before Local Management Committee for further suggestions.
- Thus the reviewed admission process is accepted and implemented by the admission committee. This facilitates smooth functioning of the admission process and has become more student centric.

**2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion.**

*SC/ST/OBC/ Women / Differently able / Economically weaker sections/ Minority community / Any other*

The institution follows the National reservation policy for the admission process. The following table indicates the transparent process adopted for admission.

**2.1.6 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends. i.e. reasons for increase / decrease and actions initiated for improvement.**

The admissions to all traditional U. G. courses are gradually increasing in last five years.

- Renovation, up gradation and new construction of infrastructure such as classrooms, laboratories, library reading room, ladies common room, Students Store etc. helps us to attract admission.
- Computerization of the library with internet facility for the students, increase in the number of books and e-journals, competitive examination literature, competitive examination coaching etc. contributed to make the institute more popular.
- Out of 28 faculties 17 members are having Doctoral Degree (Ph.D.) while 11 staff members are engaged in research activities. Qualified and experienced staff attracts the students.
- Dattak Palak Yojana, Earn and Learn Scheme, Cash prizes sponsored by management and also by the teaching staff sent a positive message among the students. This attracts economically weaker students for admission.
- Green and eco-friendly environment of the college premises with huge playground is one of the attraction for students. Indoor and outdoor sports facilities are available and attract the admissions.
- To make P. G. course more popular regular qualified teachers work as a guest faculty for teaching. Laboratories for Science P. G. courses are well equipped. Temporary staff is appointed on merit basis.

- Lack of employment opportunities are affecting admission to professional courses like PGDCCA, DHNT, M.C.M. and BBA etc.
- Anomalous trend for P.G. courses is due to the results of U. G. courses.
- The P.G. courses are permanently on non-grant basis and hence financial resources are limited.

The institution has taken adequate measure to sustain the quality of students’ admission during last four sessions. Despite the new colleges opened in the nearby towns, we have sustained our strength as well as achieved growth.

## 2.2 Catering to Student Diversity

### 2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

The college provides special facility and attention towards differently-abled students.

- The college has built ramp for differently able students for their convenience.
- Teachers and Staff pay special attention towards such students.
- The funds collected from teaching staff are used for donation of tricycles to two students.
- Financial assistance is given to Differently-able students through Dattak-Palak Yojana.

### 2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

Yes, the institution accesses the students' need in terms of knowledge and skills by personal interaction. The students' knowledge and understanding is accessed in the beginning lectures. Strengths and weaknesses of the students are monitored by the mentor of cluster group of students.

- Bridge courses helps students admitted in first year. By way of this, teaching staff revise the students' Knowledge for the required subject. Students are encouraged to discuss their previous knowledge and teachers discuss U. G. Syllabus with them. This is perfect bridge between + 2 level knowledge and U. G. level knowledge.
- Slow learners are guided by the teachers academically.
- Through this process various skills of students are evaluated and are communicated to different committees. Also co-curricular and extra-curricular activities are carried out.

### 2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programme of their choice? (Bridge/Remedial/Add-on/Enrichment Courses, etc.)

- The college has started “Bridge Course” for each subject. The teachers review knowledge of students and try to bridge the gap of +2 and first year subject content. This continues for seven lectures by each Subject Teacher.
- Each teacher monitors a group of ten students with less mark. Thus the cluster in-charge monitors subject wise achievement and provides them extra guidance.
- In this way slow learners are benefitted as mentors personally look after them.

- Since the academic year 2014-15, the college has started Bridge Courses for all subjects. At entry level (First year) the subject teachers run this course to bridge the knowledge gap of +2 and first year syllabi.
- Tutorial classes are taken for Compulsory English, Physics and Mathematics.
- English Remedial classes are arranged in XII<sup>th</sup> plan till the session 2013-14.
- Advanced learners are provided special facilities and free access in the college library.

#### **2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?**

##### **Gender Issues**

- The college has adopted co-education policy since its establishment. Approximately 65% of the admitted students are female. Considering this fact the college has established various committees on gender issues.
- Cell against Sexual Harassment and Gender Violation, Grievance Redressal for staff and Students, Women’s Cell, Anti Ragging Cell and Task Force for protection of Girls in college campus and Hostel all these committees are functioning well and work done is satisfactory. Various programs are arranged such as, poster competition, Rallies, Awareness drives, etc. to generate awareness and to help students as well as staff.
- Female students are facilitated with Girls Common Room, vending machine of Sanitary Napkin and toilets.
- Separate parking place for Girls and Boys are allotted.
- Girls Hostel facility is available for safety and free educational environment.
- The college provides equal opportunity for male and female students as well as staff members.

##### **Inclusion**

The college has adopted the policy of inclusiveness in all the spheres of activities.

- Transparent Admission process is followed as per state reservation policy.
- Mentor scheme provides personal touch with the teachers.
- Poor students are provided financial aid in “Pupil Guardian Scheme” (Dattak Palak Yojana) and “Earn and Learn Scheme”.
- Students willing to work in social activities are admitted in NSS.
- Various committees like Equal Opportunities Cell for Backward and Minorities Students, Coaching and Guidance for competitive Examination, Magazine Committee, Exhibition Association Co-ordination Committee, provide ample opportunities for all the teachers and students to participate in varied activities.
- Entrepreneurship and Skill Development Cell has taken initiative for Skill based activities. The cell provides a platform for students to get in touch with various Government and Non-Government Agencies.

### **Environment**

The college has formed various committees which encourage students and teachers to fulfill the responsibilities towards environment.

- Nature and Science Club and NSS actively organize tree plantation programs every year within and outside the premises.
- NSS unit with forest department organized tree plantation program.
- For water conservation NSS students, teachers and staff build small Check-dam.
- Plastic Free Campus, Power efficient LEDs, Vermi Compost Unit are few other environment friendly attempts made by the institute.

#### **2.2.5 How does the institution identify and respond to special educational / learning needs of advanced learners?**

Advanced learners among the students are identified and institution responds their needs in the following manner:

- High scoring students are selected for special guidance by the teachers.
- These students are encouraged to participate in seminars, conferences, competitions, quiz, contest, debate, etc.
- Extra books are provided from the library and personal books from teachers are also provided.
- They are encouraged for competitive examinations.
- Career Counseling Cell provides them information about various career opportunities.
- High scoring students from financially weaker families are given preference in Pupil-Guardian Scheme, which helps in boosting the moral of poor students.
- After the completion of their UG or PG education we recommend them for teacher’s job in our associate institutions.
- Most of the contributory teachers working in the college are the Alumni of the college.

#### **2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc.)?**

- Academically weak students are selected by teachers under Mentor Scheme. Such 10 students are monitored by a Mentor. Their progress is monitored throughout the academic year.
- Economically weaker students are given priority in Pupil-Guardian Scheme. This has reduced our drop out ratio.
- Physically challenged students are provided a ramp, tricycle etc. and one attendant provides them library facility (books) at the ground floor.
- Early marriage of girl students without completion of graduation is a big

problem in rural area. A major section of drop-out at UG and PG level is due to early marriages of girls. Women’s Cell of the college convinces girls and their parents to complete the education before marriage.

- Parent-Teacher Association in the regular meetings discusses and sort-out the students’ problems.
- Girls Hostel facility is provided.
- College quickly certifies application of students for S.T. Bus concession.
- The principal and IQAC take necessary action regarding suggestions/complaints received from students.

## **2.3 Teaching-Learning Process**

### **2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)**

Academic Calendar plays an important role in the development of teaching learning process. Rather, it is backbone of the entire academic program. It is prepared at the beginning of the session with the consultation of teaching staff. All the academic and co-curricular activities are supervised by IQAC and Principal. The process is as under:

- All teachers prepare their annual and monthly teaching plan in an academic diary.
- Time-table of faculty and individual time table are prepared and followed.
- Class tests for semester pattern and Term Exam for Annual pattern are conducted.
- Results are analyzed by every department for further evaluation.
- Academically Weaker students are provided extra coaching.
- Feedback mechanism helps to identify the problems of students.
- For holistic development of students varied co-curricular activities are organized.
- ICT, use of Smart Class and Language Laboratory develops student’s interest in teaching learning process.
- Head of institution in monthly staff council meeting takes review of academic calendar, teaching plan and evaluation process.

### **2.3.2 How does IQAC contribute to improve the teaching-learning process?**

- IQAC monitors the feedback mechanism to ensure the improvement of the subject content, teachers’ quality, infrastructural improvement etc. so as to make teaching-learning process healthy and effective.
- Subject teachers are suggested to prepare subject content in digital mode / soft copies, so that the teaching learning process is made interesting.
- By organizing guest lectures, workshops, class seminars to improve teaching learning process.
- In quarterly meeting of IQAC improvement in teaching learning process is evaluated.

**2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?**

Study circle for all subjects are formed every year and run by a body of students. This helps them to organize and participate in various co-curricular activities like Seminars, Quiz, Debates and Group Discussion. Thus, it helps them in self-learning.

- For interactive learning we use language laboratory and smart class rooms.
- Separate Reading Room in the library is available for students.
- IQAC members interact with class representatives to know their teaching-learning problems. This boosts their confidence and they actively participate in college activities, especially teaching-learning process.
- Guest lectures by various subject experts / teachers enhance the students’ knowledge and interest.
- Free internet facility is made available for students in Library and Computer Department.

**The following table shows initiatives taken by the institution:**

S.N.	Events	2011-12	2012-13	2013-14	2014-15	2015-16
1.	Industrial Visits / Research institute visit/ Study tours	01 (Commerce)	01 (Zoology)	-	01 (Chemistry)	01 (Enterprenourship Skill)
2.	Student seminars and Workshop organized	05	04	04	09	10
3.	Guest lectures organized	04	06	05	04	04

**2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?**

- The college magazine ‘Fulora’ (Blossoms) provides a platform for students with literary cult of mind. Their poems, articles and stories in Marathi, Hindi and English are published.
- All language departments organize essay / poetry competition, Debate, Quiz competitions and bright students are selected for participation in inter-collegiate / university level competitions.
- To develop the scientific temper of students, the faculty members motivate them to participate in subject conferences, seminars and science exhibitions.
- Every year college organizes Rangoli competition, Handicraft competition, Flower arrangement competition, *Thali* arrangement competition, Food festival (*Anand Mela*) to nurture the creativity of students.

- To develop critical thinking amongst students, project work is undertaken in some subject.
- To develop scientific temper among the students seminars and workshops of eminent speakers working in *Andha Shraddha Nirmulan Samittee* (All India Superstition Eradication Committee) are organized.

**2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? E.g.: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.**

- The main source of imparting innovative learning is huge and well managed library of the college. Internet facility makes it more resourceful.
- Membership of N-LIST ((National Library and Information Services Infrastructure of Scholarly Content) working under INFLIBNET provides access to electronic journals and electronic books.
- 30 Lakh e-books and 6000+ e-journals can be accessed through N-LIST and INFLIBNET.
- OPAC facility is available.
- Broadband internet facility is provided in the college for students at Library, Language Laboratory and Computer Department.

**2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?**

- Faculties are encouraged to pursue doctoral degree by providing them study leave under UGC faculty development programs.
- 17 faculty members have been awarded doctoral degree and remaining 08 are pursuing it.
- Under Career Advancement System (CAS), teachers are sent to participate in orientation courses and refresher courses in their respective subjects. Moreover, teachers also participate in research methodology course after their registration as a research scholar for Ph.D. Programme.
- Teachers are encouraged to attend/participate in various seminars / conferences / workshops to expose themselves to advanced level of knowledge and skills.
- Some faculty members often work as resource persons.
- Guest lectures in each subject help students to acquire advanced knowledge of that subject.
- Students and faculty members receive advanced knowledge by reading various journals, e-books etc. and availing websites. N-LIST is also available in the library.
- Collaborative subject conference on “Obesity: Exercise and Weight Management” organized by Department of Home Economics and Department of Physical Education has given exposure to the students and staff for blended learning.

- Collaborative subject conference on “National Conference on Advance Technology and Material Science” organized by Department of Physics and Chemistry.
- National level Conference on “Hindi Sahitya main samajik chetana” organized by Department of Hindi.

**2.3.7 Detail (process and the number of students benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students**

- We have a healthy student support mechanism which works through different committees.
- Mentor Scheme (Cluster Diary) keeps a personal and academic record of students. Each teacher provides psycho-social support to 10 students and observes them throughout graduation.
- Career Counseling Cell, Competitive Exam Guidance Cell prepares students for various civil service exams as well as guides them about different opportunities.
- Professional Counselor and motivators are invited in the college for guest lectures.
- Short term courses are started to open new horizons.
- Placement Cell invites companies, industries in the college and students get placement opportunities.
- Bright students are guided by teachers for post-graduate education.
- Women’s Cell, Internal Complaint Committee (ICC), Task Force for Protection of Girls of College Campus and Hostel works to support female students.
- Anti-Raging Cell, Equal Opportunity Cell for Backward and Minorities students stand for the support of timid and shy students.

S.N.	Name of Committees	No. of beneficiaries

**2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years. What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?**

The institution takes initiative to provide all the necessary arrangement and infrastructure to adopt innovative teaching methods/approaches.

- All the subject teachers prepare some part of syllabus in soft copies.
- The subject content is taught with OHP, PPT and Video-Audio CDs/DVDs.
- For language students, Dramas / Poems / Films are displayed in smart classroom and language laboratory.
- For science students advanced machineries / experiments are shown through Videos / Internet / YouTube etc.
- Language Laboratory helps them to understand proper pronunciation.
- Educational, Industrial and historical monument tours etc. help students and teachers to see things.
- Students are motivated to present seminars, workshops, posters etc. by the teachers.

The impacts of such innovative practices are positive on students’ learning process.

- Increase in class attendance and regularity.
- Students gain update knowledge of subject.
- They are acquainted with modern world technologies.

**2.3.9 How are library resources used to augment the teaching-learning process?**

The college library is one of the richest libraries of the region. The following table displays the latest stock of library resources.

Particulars	Total	
	No.	Value (Rs.)
Text Books	13114	1461284.00
Reference Books	573	244659.00
e-Books	30 lakhs+	5000.00
Journals	09	15000.00
e-Journals	6000	5000.00
Digital Database	01	20000.00
CD & Video	125	5600.00
Other (novel, dramas, anthologies and other books)	17962	1411496.00

The librarian and four staff members provide all the facilities to students and staff. Students can access Reference Books, Dictionaries and Journals at ease. Issue and Return facility is provided as per the time-table. Every year the library committee purchases new books as per the demands of students and teachers. 10 Newspapers in Marathi, Hindi and English language are useful for learners and students appearing for Competitive Exams. Library has been extended with a reading room which is used by the students for study.

For the advanced learners INFLIBNET (N-LIST) is available. OPAC helps for easy and quick availability of books. Moreover departmental libraries help the students and teachers to augment the teaching learning process.

**2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If ‘yes’, elaborate on the challenges encountered and the institutional approaches to overcome these.**

The institutional academic calendar is prepared in accordance with the parent University. Some classes are under Annual Pattern and some are under Semester Pattern. Due to this teachers have to face major problems in maintaining number of teaching days. As a result, examination duration is extended. Moreover, some teachers are engaged in University examination during teaching days also. But they take care of the completion of curriculum according to their personal teaching plan by arranging extra classes.

**2.3.11 How does the institute monitor and evaluate the quality of teaching learning?**

**Monitoring at student level:**

Students’ Feedback System helps to improve teaching lacunas and teachers are required to evaluate their teaching process. Some senior lecturers help and correct the lacunas for better teaching – learning process. IQAC in coordination with the Principal, points out these lacunas to the teachers and suggest necessary improvements. Similarly, Parent-Teacher Association discusses these issues in meeting and implements necessary suggestions to enhance the teaching learning process.

**Monitoring at teacher level:**

- Principal takes random review to monitor teaching-learning.
- As per the University and UGC norms the institution collects self-appraisal reports of individual teacher as a part of PBAS.
- LMC takes review of teachers’ subjectwise result annually.

## **2.4 Teacher Quality**

**2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.**

a) Recruitment of teacher is done as follows:

- After completion of admission process Joint Director of Higher Education carry out the staffing camp in which, in adherence with the admitted students and workload, teaching and non-teaching posts are sanctioned and final sanctioned staffing pattern is sent to the institution.
- No objection for appointment of vacant positions from college section of

the parent university is obtained.

- Reservation policy of the State and Central Government is strictly followed by the institution after assigning the reservations to the vacant posts by Backward Cell of the parent University.
  - The reservation so assigned to the posts by University is checked and verified by Commissioner (Backward Cell) of the division. Thus final vacant position is ready for advertisement.
  - Advertisement of these vacant posts is published in two National newspapers and the applications are invited.
  - Parent University is asked to constitute selection committees for the respective subjects.
  - To monitor the whole selection process, institute demands the name of government nominee to the office of Joint Director Higher Education.
  - After receiving the names of selection committee members and the government nominee, institution decides the date of interview in consultation with the committee members and call letters to the eligible candidates are sent.
  - Amongst the eligible candidates meritorious, experienced candidates are given preference in selection at the time of personal interview.
  - The committee members recommend the most eligible and qualified candidate to be appointed on a vacant post.
  - The institution offers appointment letter to the selected candidate and obtain approval for his appointment from the parent University.
- b) Following table displays the status of recruitment / qualification of teachers on Dec, 2016.

Highest qualification	Professor *		Associate Professor		Assistant Professor		Total
	Male	Female	Male	Female	Male	Female	
<b>Permanent Teachers</b>							
D.Sc./D.Litt.	-	-	-	-	-	-	-

Ph.D.	-	-	-	-	-	-	-
M.Phil.	-	-	-	-	01	02	03
PG	-	-	-	-	16	13	29

- c) Planning and management of the human resources is done as follows.
- Teachers are inspired to pursue research degree (Ph.D.).
  - Encourage the faculty to undertake minor and major research projects.
  - Organize subject seminars, workshops, conference, etc. in the college as well as to attend the same at different places.

- Provision of duty leave for attending Orientation/Refresher/Short Term Courses.
- Interested Faculties are encouraged to start Short Term Courses for students. Five such courses have been started.
- In the last 5 years we have organized 2 National level conferences and one seminar successfully.
- Faculties are given freedom to adopt innovative teaching-learning methods.
- Use of ICT is encouraged which boosts the effective and time saving methods.
- Due to restrictions on the recruitment of teaching faculties by the state government (50%), institution appoints contributory teachers to cope the teaching workload of vacant positions.

**2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.**

The institution runs Fashion designing in Arts faculty, Computer Science and Bio-Technology in Science faculty at UG level and M.Sc. at PG level. These are the new programmes of emerging areas. The institution tried to appoint and retain the competent and qualified senior faculty for these courses. But due to the geographical remoteness of town qualified senior faculties are not available. Therefore, qualified ad-hoc basis teachers are appointed for these courses.

**2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.**

**a) Nomination to staff development programmes.**

The college always encourages and deposes the staff members for refresher courses, orientation courses, training programmes and workshops. The opportunities are given as per the need.

<b>Academic Staff Development Programmes</b>	<b>Number of faculty nominated</b>
Refresher courses	11
Orientation programmes	06
Staff training conducted by the university	09
Staff training conducted by other institutions	05
Summer / Winter schools, workshops, etc.	13

**b) Faculty Training programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching-learning**

- ❖ Teaching learning methods/approaches
- ❖ Handling new curriculum
- ❖ Content/knowledge management
- ❖ Selection, development and use of enrichment materials
- ❖ Assessment
- ❖ Cross cutting issues
- ❖ Audio visual aids/multimedia
- ❖ OER’s
- ❖ Teaching learning material development, selection and use.

- Internet training to teaching and non-teaching staff by computer department.
- Training about the operation of smart classrooms to all teaching faculties.
- Workshop on N-List and OPAC by librarian.
- Income Tax workshop by commerce department.
- Yoga Camp for teaching and non-teaching staff by physical education department.
- Workshop on Spiritual Enlightenment by *Prajapita Bramhakumari* Centre, Arvi.
- Bank of Maharashtra in collaboration with Digital Club of College organized Cashless Transaction workshop.

**c) Percentage of faculty:**

Following table represents the percentage / participation of teachers in Conferences/Seminars:

Academic Year	% of Faculty attended Confernce / Seminars	No. of Conferences /Seminars attended	No. of Papers Published / Presented in Conferences /Seminars
2011-12	84%	52	10/23
2012-13	74%	53	17/28
2013-14	64%	41	24/26
2014-15	70%	41	14/20
2015-16	45%	22	07/15

- In the year 14-15 Dr. P. D. Malode and in the year 15-16 Prof. N.P. Kendhe worked as resource persons.

**2.4.4 What policies/systems are in place to recharge teachers? (e.g.: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)**

- The faculties are always encouraged by the parent management and head of the institution for attending training program, national and international conferences, seminars and presenting / publishing research papers.
- Those departments which are actively engaged in research are provided

research facilities.

- Institution grants study leave on demand.
- The institution being UGC recognized [2 (f) and 12 (B)] faculty development program facility is available in the institution.
- Teachers are also allowed to attend refresher courses, orientation program, short term courses, training programs, conferences, symposia, workshops etc.
- Teachers are encouraged to apply for minor / major research projects. During last five years our faculties have completed 05 minor and 01 major research project.

**2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.**

**Awards received by the faculty:**

- Dr. M. R. Patil received “Dr. Madhukar Rode Memorial Award for Excellence in Commerce” from Mahatma Fule Talent Research Academy, Nagpur for social, educational services and other literary activities.
- Bharat ShikshaRatan awarded to Dr. P. B. Kale
- Vidyabhushan Purskar awarded to Dr. P. B. Kale
- Dnyandeep Shikshak Gourav Sanman Purskar to P. D. Malode
- Vidyabhushan Purskar awarded to Dr. P. D. Malode
- Mowad Gourav Purskar awarded to Dr. P. D. Malode

**2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?**

- Yes, the college has a mechanism of feedback for the regular evaluation of teachers. In the last two years we have added Parent Feedback and Feedback from the Alumni for the better evaluation of teachers.
- The feedback committee places the annual feedback analysis before the IQAC coordinator, who gives necessary instructions to teachers with average performance. Teachers with good performance are encouraged.

## **2.5 Evaluation Process and Reforms**

**2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?**

- Stakeholders of the institution are made aware of evaluation process at the commencement of the session through prospectus.
- Each faculty is engaged in continues evaluation of students through class

tests and assignments.

- Teachers explain the rules and regulations framed by University to the students.
- Accordingly students prepare themselves for semester and annual written exams, practical and oral exams.
- We inform our students about their rights regarding revaluation, photo copies of answer books and the fact that their undervalued answer books can be challenged.
- Model question papers are given to students and we display model answer book in the class.
- Explain them about filling the OMR sheet.
- Students are informed about the same during the Principal’s address at the beginning of academic session.

**2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?**

- The college adopts all the major changes brought by Rashtrasant Tukdoji Maharaj Nagpur University. Since the session 2012-2013, semester pattern is implemented for UG Science faculty and all PG courses. Since 2016-2017 for Arts and Commerce (UG) faculty semester pattern has been implemented. For UG classes 20% marks are allotted for internal assessment.
- Central manual valuation has been transformed into Central Onscreen valuation which is a radical change introduced by University.
- IQAC and the HOD’s have established a mechanism for the internal valuation and its record is maintained by subject teachers.
- We have taken orientation classes to acknowledge the teachers about onscreen valuation.
- Internal assessment of the student is done on the basis of academic and overall performance, attendance, home assignments, class tests, projects and seminars.
- Examination committee monitors all the activities regarding evaluation process.

**2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?**

- Evaluation reforms of the university as well as of the institution are carried out by the examination committee of the institution.
- Each faculty explains the evaluation reforms in the class. The subject-wise internal and written valuation system is brought to the notice of students.
- Instruct students about the submission of practical and assignments, regular attendance etc. from time to time.
- Class test, Terminal Exams, Sessional exams are conducted by the college which ultimately clarify their concept of new paper patterns and marking

system. This also helps teacher to allot internal marks to the students.

- The IQAC also reviews the implementation of the evaluation process from time to time.

**2.5.4 Provide details on the formative and summative evaluation approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.**

Every teacher on completion of each unit adopts various techniques in views of formative evaluation such as classroom interaction on taught topics, question-answer mechanism, home assignment, problem solving session etc.

- Formative evaluation of the students, who are participants of co-curricular / extra-curricular activities, such as NSS, Sports, and Cultural activities is also done and the best performers are felicitated. These felicitated students act as a source of inspiration to other students.
- By conducting terminal examinations, assigning projects, conducting academic activities like students seminar, Quiz, Essay, Debate competitions etc. The overall performance of students is considered for summative evaluation.
- Formative and Summative evaluation of the students help the teachers to know the slow and advanced learners and accordingly they plan academic activities.
- As a result of formative and summative evaluation, some students of post graduate department appear in the University merit list.

**2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course / programme? Provide an analysis of the students’ results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.**

Institute plans unit tests and term exams every year. The result and the corrected answer books are shown to the students. The exam committee analyzes it and proposes remedies for the better progress.

- The Parent-Teacher Association is a dais to communicate this progress to the parents.
- Through Mentor Scheme, the cluster in-charge conveys the parents about the academic progress of students.
- Newly applied semester pattern by the university has increased the pass percentage of students.
- Assignments and internal assessment has boosted the academic awareness and regularity of students.
- The following table displays the radical change in the progress of students’ results during last four years.

**UG/PG ( Result in %)**

S.N.	Course	2012-13	2013-14	2014-15	2015-16

**Tabular presentation of positive effects of institutional policies:**

S.No.	Learning outcomes	Session			
		2012-13	2013-14	2014-15	2015-16
1.	Dattak Palak Yojana (Pupil-Guardian Scheme)	30	36	41	48
2.	Growth in the admission of girls	711	775	945	1044
3.	Awareness regarding competitive examination	110	110	110	108

**2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.**

- For Science faculty the external examiner transparently and impartially allots the practical marks on the basis of practical performed / Assignment records and viva-voce.
- Students having 80% attendance in a semester are allowed to appear for internal evaluation. Their good conduct and performance paves the way for getting higher grades. Thus, this evaluation becomes transparent and just.
- For Arts and Commerce Faculties the teachers evaluate students on the basis of their attendance, participation in students Seminars / Workshops / Presentations / Assignment Books.
- Apart from this, student’s attitude and behavior towards the teachers and institution is also considered by the faculties.
- The independent learning capacity is judged through the student projects, participation in co-curricular and extra-curricular activities.
- Moreover, Mentor Scheme started from 2014-2015 provides detailed information of students. This facilitates teachers to evaluate students.

**2.5.7 Does the institution and individual teachers use assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If ‘yes’ provide details on the process and cite a few examples.**

Yes, the institution and individual teachers use assessment / evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning. e.g.

- Students showing highest academic performance are nominated as a class representative on students’ council of college and Chairman of the students Board of Studies in respective subjects.
- Students showing keen interest towards co-curricular, extra-curricular and sports are offered leading positions in activities of respective committees. e.g. One girl student showing extraordinary talent for fine arts was adopted by four teachers and Principal for UG and PG in fine arts. Now she is a colour holder of Rashtrasant Tukdoji Maharaj Nagpur University, Nagpur for consecutively three years in fine arts. She is also national award winner in fine arts.

The evaluation of students is done at various levels during his/her UG which supports the teachers in identification of bright sides of students.

Individually the teachers’ guide them to appear for NET/SET or Competitive Exams. Few others are asked to start self-employment. On the basis of their individual skills and talent, they are encouraged to participate at University/State National level competitions.

**2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?**

**College-level Redressal:**

- The examination committees of the college look after the grievances regarding evaluation of the college level examination.
- Any grievances observed regarding valuation are redressed by allowing students to personally see the valued answer books and with the prior discussion with subject teacher the grievance regarding valuation is redressed.
- Any grievances regarding internal marks are immediately taken into consideration and resolved by the concerned teacher / head of the department / principal.

**University Level Redressal:**

Grievance Redressal Cell for students is available in Examination section of the University, which acts as redressal mechanism for the University level examinations. Its working is as follows:

- Students dissatisfied with the valuation of answer books can go for revaluation.
- Students may opt an option of re-totalling of allotted marks.
- Students can also avail a facility of getting photo-copies of valued answer

books. In case he/she is dissatisfied with the allotted marks, he/she can apply for reevaluation of answer books after discussion with the subject teacher.

## **2.6 Student performance and Learning Outcomes**

### **2.6.1 Does the college have clearly stated learning outcomes? If ‘yes’ give details on how the students and staff are made aware of these?**

Yes, the college has clearly stated learning outcomes as follows:

To improve the academic performance of the students, at final year of graduation and post-graduation.

- Economically weaker students should complete their graduation.
- Dropout rate of the girls should be minimized.
- To provide skill based education along with traditional courses.
- To create awareness regarding Competitive Examinations among the students.

Through the mission, vision and goals, college wishes to attain the learning outcomes which indeed are needed for healthy society.

The students and staff are made aware about these outcomes in the following manner:

- The working of Dattak Palak Yojana (Pupil-Guardian Scheme) makes aware the staff to adopt the poor students and help them to complete graduation by helping them academically as well as financially.
- The institution tries to maintain secured and fearless atmosphere for girl students. Separate lavatories, sanitary napkin vending machine, girls’ common room, indoor games for girls, guidance by Women’s Cell, Internal Complaint Committee (ICC), Disciplinary and Campus Maintenance Committee, Task Force for Protection of Girls at College Campus and Hostel are working in the college. All these facilities and committees for the girl students help to minimize the dropout. The college prospectus clearly mentions these facilities and committees.
- Five short term courses have been started in the college which are designed and developed by staff. These courses help students to acquire entrepreneurial skills.
- Students are made aware about Competitive Examination by the activities carried out by.
  1. Student Information and Guidance Center.
  2. Coaching and Guidance for Competitive Examination Cell
  3. Career Counseling and Placement Cell etc.

The head of the institution, in the beginning of session make aware the staff and students about these learning outcomes in staff council meeting and principal’s address to students, respectively.

**2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?**

The institution has fixed the learning outcomes on the basis of knowledge of students’ understanding, cognitive learning, practical skills, social awareness, ethical and moral values and communication skills.

- To achieve those goals, the Principal, IQAC and LMC makes necessary plans and support mechanism in the college.
- Every department makes a SWOT analysis and finds out the lacunas.
- To overcome this, faculties implement innovative plans, use of ICT, continuous evaluation, etc.
- Remedial Classes and Tutorial help students in keeping pace with the advanced learners.
- Students are encouraged to participate in subject Seminars/Conference/Workshops.
- Intercollegiate/University level quiz, Essay Competition, etc. are attended by students.
- Bright students/Subject Toppers are awarded in annual day celebration through 14 different categories.
- The working of “Dattak Palak Yojana”, minimization of girls’ dropout ratio, skilled based education and awareness about competitive examination all these novel learning outcomes are assessed by the institution through duly constituted different committees and accordingly facilities are provided by the college.

**2.6.3 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (quality Jobs, entrepreneurship, innovation and research aptitude) of the courses offered?**

- The college runs traditional courses in Arts, Commerce and Science faculties. But to keep pace with the changing requirements of the era, the college has initiated various plans / schemes.
- To enhance the socio-economic relevance of the courses offered, we have started Placement Cell, Entrepreneurship and Skill Development Cell, Entry in Services, Competitive Examination Co-ordination Cell and Career Counseling Cell.
- The college has also encouraged the students to earn their livelihood by self-employment. Dress Designing Course, Tally Course, Spoken English Course, Vermi Compost and few courses in Home Economics generate Self-employment to students e.g. Bakery, Stitching, Embroidery, Handicraft etc.
- Consultancy services are provided through Zoology department and competitive examination coaching center.
- Project and social surveys are conducted to develop research aptitude of students.

**2.6.4 How does the institution collect and analyze data on student learning outcomes and use it for planning and overcoming barriers of learning?**

- Annual University results are collected subject wise by respective subject teachers and record it in his/her academic diary.
- HODs of each department analyze the result and put it in staff council meeting.
- In meeting necessary planning and actions are discussed and then it is implemented throughout the academic session.
- Accordingly the staff members are informed / instructed by the principal to take necessary measures.
- Feedback from students, Parents, Alumni and Stakeholders helps to identify learning discrepancies and thus its analysis helps to overcome learning problems.

**2.6.5 How does the institution monitor and ensure the achievement of learning outcomes.**

- UG students after the completion of programmes are encouraged to seek admission in PG courses available in college.
- Record of students admitted to other colleges for PG is kept. Thus students' progression is recorded.
- Placement Cell keeps a record of employed students.
- The teachers are in contact with the passed out students and judge their learning outcome on social, economic, ethical, moral grounds through personal contact.
- The institution monitors the achievement of learning outcomes throughout the session with different mechanisms stated earlier.
- The institution ensures the achievement of learning outcomes in the session-end staff council meeting in which various pros and cons about the learning outcomes are discussed and accordingly planned for next session.

**2.6.6 What is the graduate attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?**

The institution specified graduate attributes and the vision, aims and objectives are designed accordingly. The vision statement-states that the institution wants to make its surrounding community equipped with knowledge and technologies as per the need of surrounding society.

**Empower students as per the need of the surrounding society:**

- We aim to create responsible and self-sufficient citizen of the nation.
- We aim to create self-earning graduates through many skilled based short term courses.

**Team work and leadership:**

- Inclusion of students in study circles of the various subjects.
- The members of students council in collaboration with the faculty members in different co-curricular and extra-curricular activities, sports activities etc.
- Participation in various exhibitions and competitions.

- Develop the responsibility and team work among the students.
- Various committees of the students during cultural festival give opportunity to students.

**Socially Responsible Citizens:**

- Institution ensures to inculcate a sense of social responsibility, social services, dignity of labor among the students through participation in NSS activities.
- Various activities like tree plantation, Parthenium Weed Eradication, Plastic Free Campus, anti-addiction drive, science popularization, environment studies etc. helps to inculcate social responsibility amongst the students.
- Participation in blood donation camp, various Central and State government health awareness programmes.

**Knowledge Depth and Adoptability:**

- The institution, through curricular, co-curricular, extra-curricular activities ensures the depth of knowledge of the students and also develops their adoptability.
- The knowledge gained by the literature and in classroom is not sufficient and we believe that practical work extend the depth of knowledge. So institution has provided best facilities and advanced instrumentation in the laboratories and made it well equipped.
- To inculcate knowledge depth and to develop adoptability college provides a library reading room with rich library resources and internet facility.
- The college also encourages the students to participate in students’ seminars in other institution.

**Learning Ability:**

- The institution facilitate students to develop the effective learning through classroom teaching, participation in students seminar, use of ICT in smart classroom, assigning homework, practical experiences etc.
- Study tour, Industrial visit, guest lecture, participation in conferences and seminars organized by institution helps to improve learning ability of students.
- Project works, quiz competition, debate competition, allocation competition, essay competition, poetry competition etc. help to inculcate learning ability of the student.

**Research Skills:**

- The institution develops research skills among the students through projects, students’ seminars, survey on various social issues, participation in research conference and seminars organized by the institution.

**Any other relevant information regarding Teaching, Learning and Evaluation which the College would like to include.**

- One girl, had been adopted by four teachers and Principal, who was provided financial aid for her UG and PG in fine Arts.
- Students have been receiving prizes and awards for their performances in various academic events like seminar competition, poster presentations, quiz competition and other academic events.

## Criterion III – Research, Consultancy and Extension

### 3.1 Promotion of Research

#### 3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

No.

#### 3.1.2 Does the Institution have a research committee to monitor and address the issue of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

Yes, the college has formed research committee known as Research Innovation Cell to monitor and encourage the research activities of teachers and PG students. The composition of committee is as follows

Coordinator	-	Dr. V. V. Hiwase
Secretary	-	Prof. S. H. Dhanvijay
Members	-	Prof. G. R. Yerawar Prof. M. T. Kolhe All HODs

- **Recommendations of the committee**

- i) Head of departments should encourage teaching staff for research activity and create the facilities and healthy environment to encourage research.
- ii) Every department and faculty must be engaged in research activity through major / minor / Ph.D. / student project.
- iii) College should send the proposal for the approval of research center to university.
- iv) College should create the central instrumentation center immediately after getting the approval of place of research.
- v) Central library should subscribe offline and online journals, periodicals as per requirement. Provide INFLIBNET publication access of journals of high impact factors. Central library should create journals referencing section separately with adequate internet facility.
- vi) Non Ph.D. faculty members are to be motivated for Ph.D. registration to upgrade the academic qualification.
- vii) College should permit non Ph.D. teachers to apply for faculty development program in order to accelerate their research work.

**Impact**

- i) Out of 28 faculty members 17 faculty members have received Ph.D.

<b>Years</b>	<b>Total no. of teachers awarded Ph.D. (consolidated)</b>
2011-12	08
2012-13	11
2013-14	12
2014-15	12
2015-16	17

- ii) Out of 28 faculty members 08 are recognized research guide. Some of them are guiding the research students at other research center.

<b>S.N.</b>	<b>Name of guide</b>	<b>No. of Stud.</b>	<b>Place of research</b>
1	Dr. V. V. Hiwase	01	Institute of Science, Nagpur
2	Dr. M. R. Patil	07	P.G.T.D. Business Management, Rastrasant Tukadoji Maharaj Nagpur university, Nagpur
3	Dr. P. B. Kale	03	P.G.T.D. Marathi, Rastrasant Tukadoji Maharaj Nagpur university, Nagpur

- iii) Out of the 18 department faculty members of 12 department are engaged in research activity such as Ph.D. / Guidance of Ph.D. student / major/minor research project and student project.
- iv) Necessary and important journals, periodicals e-journals, INFLIBNET are subscribed by library and efforts have been taken to develop separate reference section for researchers.
- v) 89% teachers are involved in research and have published 184 papers in last five years.
- vi) 8 departments have taken up minor research projects and five projects are completed. Marathi department has taken up Major Research Project.
- vii) One of the faculty members from Physics department, Prof. G. R. Yerawar has registered patent in his credit.  
 Title of patent- Synthesis and study of Bio-erodible material using low density polystyrene and polyethylene glycol.  
 Date of publication- 30/10/2015  
 Publication No.- 58699

**3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?**

- Autonomy to principal investigator.
- Timely availability and release of resources.
- Adequate infrastructure and human resources
- Special leaves to teachers – Duty leave for library and research laboratory, visit, sample collection, field work, attending conferences, seminar, workshops.
- Support in terms of technology and information needs.
- Free library facility, use of internet and journals via library software.
- Facilitate timely auditing and submission of utilization certificate to funding authorities.

Yes, auditing and submission of utilization certificates to various financial agencies in time.

• **Any other**

The Principal and the research committee take regular reviews of research works and departments are encouraged to undertake interdisciplinary projects, conferences and seminars.

**3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?**

- By organizing conferences / seminars / workshops / trainings / scientific lectures / science exhibitions etc. to develop research culture and aptitude.
- Allotment of research based projects to PG students.
- By arranging model, Chart exhibition, quiz competition, scientific aptitude test.
- By encouraging students to participate in intercollegiate quiz, seminar, charts competitions.

**3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual / collaborative research activity, etc.**

• **Details of Faculty involvement in active research:-**

### 3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

The following research personalities along with academicians visited to our institution and interacted with teachers and students.

- **Dr. R. C. Agrawal**  
Prof. and Head School of Studies in Physics and Astrophysics,  
Pt. Ravishankar Shukla University, Raipur.
- **Dr. T. M. Karde**  
Ex-Head, Dept. of Mathematics Rashtrasant Tukadoji Maharaj Nagpur  
University, Nagpur. (Ex- Vice-Chancellor, Indian University, Raipur.  
Chattisgarh.
- **Dr. P. D. Mujumdar**  
Ex-Scientist, ISRO Bangalore.
- **Dr. Y. K. Vijay**  
Department of Physics,  
University of Rajasthan, Jaipur
- **Dr. S. S. Umare**  
Department of Chemistry, VNIT, Nagpur
- **Dr. S. J. Dhoble**  
Department of Physics,  
Rashtrasant Tukadoji Maharaj, Nagpur University, Nagpur
- **Dr. Tanushree Bhattacharya**  
Consultant Dietician and Nutritionist, Nagpur
- **Dr. Rita Venugopal (Raipur)**  
Professor, Head , School of Studies in Physical Education, Raipur  
University. Raipur.
- **Dr. Abhaya Jogalekar (Raipur)**  
Professor of Home Science, Govt Naveen Kanya College , Raipur ( CG )
- **Dr. Shankar Bunde (Amravati)**  
Head, Dept. of Hindi, Sant Gadgebaba Amravati University Amravati
- **Dr. Suraj Paliwal (Wardha)**  
Reader, MGIHV, Wardha
- **Dr. Bhushan Ramteke**  
Principal, S P College, Pulgaon
- **Mr. Dipak Rangari**  
Journalist Lokmat News Paper, Nagpur
- **Vasant Abaji Dahake**  
Professor Elphiston College, Mumbai

- **Dr. Prabha Ganorkar**  
Professor Elphiston College, Mumbai
- **Dr. Vitthal Wagh**  
Ex-Principal Shivaji Arts and Commerce college, Akola and Well-known writer of Marathi.
- **Dr. Sunilkumar Navin**  
Head Dept of English, Nabira Mahavidyalay, Katol.
- **Dr. J. A. Tidke**  
Head , Dept. of Botany, Sant Gadgebaba Amravati University, Amravati.
- **Dr. B. H. Pawar**  
Ex- Professor and Head, Dept. of Physics, Sant Gadgebaba Amravati University, Amravati.
- **Prof. N. D. Khaire**  
Associate Professor, Dept. Of Physics, Phulsing Naik Mahavidyalay, Pusad, Dist- Akola.

**3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?**

The institution is recognized under 2(f) and 12(B) by UGC, New Delhi. Hence faculty development program is available in the institution. Applications received from faculty for FIP are forwarded to the UGC for the further action. As such there is no provision of sabbatical leaves for research activities. 98% faculties took duty leaves to attend or participate in conferences, seminars, workshops, field work to improve the quality of research and imbibe research culture on the campus.

**3.1.10 Provide details of the initiatives taken up by the institution for creating awareness / advocating / transfer of relative findings of research of the Institution and elsewhere to students and community (lab to land).**

**A. Initiatives taken up for students**

For creating awareness for relative findings of research following initiatives are taken by the institutions

- Supervisor of the respective subject guides the students as a research supervisor.
- Students’ seminars are organized.
- Various departments organize chart, models and exhibitions.
- Allowing the students from science faculty to participate in quiz competition, poster competition, debate competition etc. based on the research outcome of the institution.

**B. Initiative taken up for community**

- Efforts have been taken via short term course, like Vermi-Composting to aware farmers.
- The community members are invited in the institution to attend conferences /seminars/workshops, so as to aware them about recent trends in the research in respective fields.
- The findings of the research of the institution is delivered by the faculty members in various places when and where he/she is invited.

## **3.2 Resource Mobilization for Research**

### **3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.**

Out of total annual budget allotted to various departments, H.O.Ds have freedom to spend funds on research activities. Moreover, 100% of grant received from UGC in minor/major projects is utilized.

### **3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?**

As such there is no provision of seed money but the head of department have been given free hand to spend on important instrument for research from annual departmental budget and allocation from UGC in order to provide facilities to the faculty and student.

### **3.2.3 What are the financial provisions made available to support student research projects by students?**

- Most of the facilities are provided to all PG research projects in subject M.Com, Home Economics, Chemistry, Computer Science, Marathi, Political Science from the amount earmarked to each department. Other sophisticated facilities are availed from Sophisticated Analytical Instrumentation facility, and other research Centres whenever necessary.

### **3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.**

To build research capacities of staff and students the institution has organized various programs which are as follows:

- One day National Conference on ‘Advanced Technology in Material Science and their Applications’ organized in collaboration with Physics and Chemistry Department on 6<sup>th</sup> March 2011.
- One day Nation conference on ‘Obesity- Exercise and Weight Management’ organized in collaboration with Home-Economics and Physical Education Department on 8<sup>th</sup> Sept 2012.
- Unit of Vermi- Composting is maintained and monitored by Zoology and Botany department to develop interdisciplinary research culture.

### **3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?**

The college has requisite basic facility such as, infrastructure, instruments, chemicals, computers with internet facilities, research literature etc. The institution ensures the optimal use of these facilities by –

- Encouraging the staff to carry out research work and engage them in creative research.
- Institution encourages Ph.D. teachers to apply for the Ph.D. supervisor and to initiate the research culture within the departments.
- Ph. D supervisors are allowed to register research scholars under their able guidance and ensure the optimal use of research facilities.
- Students and staff are monitored by HOD’s, in-charge of faculties and head of the institution to ensure the optimal use of research facilities of the institution.
- Literature, surveys are availed from centralized library through various hubs, access and its optimal use is maintained by Librarian of the institution.
- Head of the institution in monthly meeting with Research Innovation Cell encourages the teaching staff to avail the funding from UGC for research project and ensure the optimal use of research facilities of the institution.

**3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If ‘yes’ give details.**

No

**3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.**

Faculties are constantly encouraged by principal, research committee and IQAC committee to submit major and minor research projects. The details of project sanctioned, grant received status of project have been listed in following table.

S.N.	Department	Major / Minor	Duration	Funding Agency	Grant in Rs.	Status
1	Home Economics	Minor	2009-11	UGC	80,000/-	Complete
2	Hindi	Minor	2009-11	UGC	60,000/-	Complete
3	Marathi	Major	2012-15	UGC	8,39,000/-	Complete
		Minor	2009-11	UGC	50,000/-	Complete
4	Physical Education	Minor	2009-11	UGC	40,000/-	Complete
5	Library	Minor	2009-11	UGC	50,000/-	Complete
Total					11,19,000	

### 3.3 | Research Facilities

#### 3.3.1 What are the research facilities available to the students and research scholars within the campus?

The research facilities available to the students and research scholars are:

- Six non recognized well equipped laboratories.
- Central library with ample reference books and research journals.
- INFILLIBNET, N-List consortia with online database facility.
- Broadband internet facility at library and computer laboratory.

#### 3.3.2 What are the institutional strategies for planning, upgrading and creating Infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

- Institution is planning to re-construct Chemistry laboratory to meet the need of PG students and research scholars.
- Institution wishes to upgrade computer laboratory with advanced computer facility to meet the need of researchers.
- Due to poor admission ratio, biotechnology laboratory is not in use. Institution wishes to offer micro-biology course to students and wants to extend it up to PG.

#### 3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If ‘yes’, what are the instruments/facilities created during the last four years.

No. However students and faculties use equipment available in department. Following Table shows major equipment / instruments available in the laboratories costing above Rs. 40,000/-

S.N.	Instruments	Model No. and Company	Amount (in Rs.)
1	Autoclave	NSB +	72,098 /-
2	Laminar Air Flow	NSB +	97,821 /-
3	Hall’s Effect Apparatus	UPTIN	75,985 /-
4	Digital LCR Meter	VAR Tech V53 00M	48,593 /-
5	Digital Balance	Kern	1,19,600 /-
6	Spectrophotometer Digital	Equiptronic	42,000 /-
7	Spectrophotometer ( EQ-826)	Equiptronic	2,92,500 /-
8	Research Trinocular microscope	Tanko MS-5	63,050 /-

#### 3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

- Since college has non-approved research laboratories and research center by the University, the research guides of the institution register research scholar in recognized research laboratories/ research center and carry out research work.

- For the references in research of respective subjects literature survey is made available in the central campus library of parent University.
- Research scholars are encouraged to participate in National and International Conferences/ Seminars held at other research institutions.
- The students, research scholars and teachers seek the help from different institutes/departments and agencies. The recommendation of Head of the Institution for their research work on subsidized rates is allowed. These places are Institute of Science, Nagpur, NEERI, Nagpur respective PG departments of the Parent University, respective PG departments of SGBAU Amravati, GVISH Amravati, and MGIRI Wardha.

**3.3.5 Provide details on the library/ information resource center or any other facilities available specifically for the researchers?**

The following facilities are available specifically for researchers in the campus are:

- Facility of **INFLIBNET**, college is a member of N-list consortium.
- Researcher can avail 6000 research journals and 30 Lakhs e-books.
- Password is provided to teachers and students and they can access consortium online any time.
- College has subscribed 9 research journals.
- College has reference books, periodicals, online journals and abstract.
- Reprographic facility is available.
- Broad band internet facility and latest version of computer.
- Library as a network resource center.
- Institutional Repository.

**3.3.6 What are the collaborative research facilities developed / created by the research institutes in the college? For ex. Laboratories, library, instruments, computers, new technology etc.**

Yes, Research guide of our institute are guiding the students for Ph.D. in collaboration with approved research center.

S.N.	Subjects	Place of research	No. of Stud.
1	Chemistry	Department of Chemistry, Institute of Science, Nagpur	01
2	Marathi	PGTD of Marathi, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur	03
3	Commerce	Department of Business Management, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur	07

**3.4 Research publications and Awards**

**3.4.1 Highlight the major research achievements of the staff and students in terms of Patents obtained and filed (process and product)**

- **Patents Published** - Yes (01)
- **Research or survey benefitting community or improving the services-**

Chemistry department carry out research studies in tar-polymeric resinous new materials, functionalization of resins, synthesis of new ion exchangers for removal of hazardous metals like As, Bi, Sb, Pb, etc. which improve the knowledge in area of ion exchangers helping to environmental issues. Department of Botany undertakes research in area of pollination biology which helps to improve the crops in field of Agriculture.

• **Surveys**

Arts, Commerce and Science students undertake field study surveys and interact with community to generate the data. The data used to find out root cause of social problem in nearby community after statistical analysis. These surveys are related to –

1. Identification of economically poor pupils for inclusion in Dattak Palk Yojana.
2. Survey of families of farmers who committed suicide.

• **Research inputs contributing to new initiatives and social development**

The cause and proper solution of social problem based on research data is communicated to the community through NSS camps organized by institution. Moreover, 1. Economically poor pupils are adopted by the teachers. 2. Families of the farmers who committed suicide have been given financial support by the college.

**3.4.2 Does the Institute publish or partner in publication of research journal(s)? If ‘yes’, indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?**

No.

**3.4.3 Give details of publications by the faculty and students:**

Following are the publication details of departmental faculties;

**Table (a) - Research publications (Post accreditation period)**

## **Criterion VII – Innovations and Best Practices**

### **7.1 Environment Consciousness**

#### **7.1.1 Does the institute conduct Green audit of its campus and facilities?**

- The college does not conduct green audit but we make conscious efforts to adopt eco-friendly practices.
- Moreover, the college regularly practices tree plantation, eradication of parthenium weeds, plastic free campus etc. through extension activities. The staff and students voluntarily work to make campus eco-friendly.

#### **7.1.2 What are the initiatives taken by college to make the campus eco-friendly?**

The college is taking all the earnest efforts to make the campus eco-friendly, and believes in the principle of ‘green campus-clean campus. Following efforts have been taken.

##### **Energy Conservation:**

The college conserves energy in following ways.

- All class rooms and office rooms have large windows which give natural light and ventilation. It ultimately reduced the use of electricity.
- The college Maintenance Committee keeps an eye on the minimum use of electricity. Teachers and students are instructed to switch off the lights and fan whenever class rooms are not in use.
- Power saving is also achieved by using CFL/LED bulbs wherever necessary.

##### **Computers:**

- ‘Sleep mode’ feature is active to save power.
- Old CRT monitors are replaced with TFT monitors to conserve electricity.

##### **Water Harvesting:**

- NSS unit of our institution in collaboration with forest department constructed check dam.

##### **Check Dam Construction:**

- In current session 125 NSS volunteers constructed Check Dam of 20 feet in collaboration with Forest Dept. of Arvi on the rivulet at Sarangpuri Forest.

##### **Efforts for Carbon Neutrality:**

- Following areas of the college campus have been made lush green by plantation of various trees. This includes Canteen, Students’s Departmental Store, Vermi-compost unit, Cycle Stand, Vehicle parking and all boundary walls.

**Tree Plantation :**

- Tree Plantation is a regular activity of the institution within and outside wherever necessary.
- In current session, college has participated in “Two Crore Tree Plantation Mission” of State Government. The college has won the prize for the best Tree Plantation unit in Arvi Tehsil.
- Fencing plantation is planned.

**Waste Management :**

- Plastic Free campus is ensured by addressing students to use Cloth bags / Jute bags etc.
- In Canteen of the collage plastic cups are strictly prohibited.

**Solid Waste Management :**

- A) Dry Waste :- Dry waste is disposed through garbage collection vans of municipal council.
- B) Wet Garbage :- Wet garbage is decomposed and used in Vermi-compost unit.
- C) Waste Papers :- Almost all out dated stationary of regular use is sent to recycling at local unit.

**E- Waste Management :**

- E- Waste is sold through auction and the vendors send it to re-cycle unit.
- Computers with outdated configurations are donated to primary schools run by our parent society.

**In addition to the above, our college carries out the following activities (list at a glance)**

Our institution ensures the least waste by carrying following activities.

Saving of Papers:

- Maximum communication through e-mail.
- Reuse of blank side of the printed papers.

Others:

- Bird feeders are hanged on the trees around college campus.

## **7.2 Innovations**

### **7.2.1 Give details of innovations introduced during the last four years which have created positive impact on functioning of the college.**

Following are some innovative measures undertaken by the institution to create positive impact on the functioning of the college.

**Holistic Education:-**

- Short Term courses
- Feedback mechanism is upgraded.
- Student’s participation in seminars, conferences, exhibitions etc.
- Organization of personality development workshops.

- Entrepreneurship and Skill Development workshops.
- Use of ICT in teaching and learning process.
- Students are involved in community services.
- Bridge Course
- Mentor Scheme
- Organizing motivational camps for students.
- For maintaining discipline Dress code and I-card are made compulsory
- CCTV cameras are installed.
- Tobacco prohibition / tobacco free campus.
- Plastic free campus.
- Ragging free campus.
- ICC (Internal Complaints Cell) is functioning.
- One Patent in Physics department.
- Coaching classes for competitive exams are functioning.
- Digital Club is working to literate the students and community towards cashless society.
- Vermi-Compost unit is functioning.
- “Farmers Suicide Relief Fund” is raised by college.
- Electronic kits are assembled by faculties of Physics department.
- Awareness programme by local police station on cybercrime and Anti-terrorism awareness programme by Anti-Terrorism Squad, Nagpur.

## **Best Practice**

### **Best Practice I**

1. **Title of the Practice** : Pupil Guardian Scheme (Dattak Palak Yojana)

#### **Goals and Objectives of Pupile Guardian Scheme :**

- To identify economically weaker students and to encourage them for higher education.
- Financial assistance to economically weaker students for education. Student-teacher ratio is maintained 1:1
- To develop sensitivity amongst teachers for economically weaker section of society.
- This scheme is open to all students irrespective of their gender, caste, creed and religion.
- Through this scheme teacher becomes a friend, mentor, philosopher and guide of the adopted students and hence, through this activity we fasten the student-teacher relationship which is really needed in present era.
- To encourage the NGO’s and social organizations to participate in this scheme.

**Context:**

Most of the College students are from villages. Most of the students are the wards of farmers and labours. Some of them might be from the families of farmers / labours who committed suicide due to financial stringency. Some of them are orphans. They suffer financial crisis and hence after higher secondary education, even though they wish to join higher education, they could not complete it. Unfortunately they are unable to join higher education. Hence, the principal and the teaching staff discussed the issue of poor students in staff council meeting and decided to adopt financially weak students in the ratio 1:1

**Practice :**

Every year, after completion of admission process, financially weak students are identified. For this applications are invited from the students expecting assistance in education. After scrutinizing the applications by the committee, students are shortlisted for personal visit. Members of Pupil Guardian Scheme Committee visit the families and interact with the parents for better future of their pupils. Depending on the number of available teachers, the most genuine and needful applicants are selected for financial help. On the birth anniversary of Adv. D. N. Kale, Chairman of Krishak Education Society, adoption ceremony is organized every year. All teachers are involved in the scheme and they willingly provide financial assistance to the students. Moreover, the teachers mentor / guide their adopted students academically. Total teachers are equally distributed into three groups and these group are involved in scheme step by step in three years. Rotation continues after completion of third year. The financial help includes admission fees, university-exam fees, stationary, uniform, bus-pass fare etc. We feel that this scheme is unique in the state. The scheme was highly appreciated by the peer team of NAAC in 2<sup>nd</sup> cycle of A and A.

The institution also promotes this scheme amongst local NGO's to contribute when number of needy students is more than teacher student ratio. Local Rotary club, Indian Red Cross Society, Lion's Club, Matruseva Sangh and retired employee contributes the scheme till the graduation of students. The financial help of individual teacher is collected in a separate bank account in the name of staff club through salary statement. Contributions by social organizations, NGOs are also deposited in the same account. The co-ordination committee disburses the amount by cheque to the needy students.

**Problems Encountered and Resources Required :**

In the beginning the institution faced some minor problems which are resolved in due course of time. Now the scheme is running smoothly since last eight years.

The main resource required for this scheme is a sensible human resource . We feel that our teachers are committed to overall development of our students and are sensitive enough to cope with academic, financial, social, regional needs of our students. To conduct this scheme, consistent efforts on the part of co-ordination committee and guardian teacher is needed.

**Evidence of Success:**

The following table indicates number of beneficiaries and outcome of the scheme.

Sr. No.	Session	No. of Beneficiaries	Fund Disbursed (in Rs.)	Outcome (Pass)	Outcome (Fail)
1	2011-12	30	80,000/-	05	05
2	2012-13	30	85,000/-	06	04
3	2013-14	36	101638/-	06	04
4	2014-15	41	97771/-	07	03
5	2015-16	48	80813/-	11	05

**Notes :**

“Pupil Guardian Scheme” is a unique practice and other institutions can implement it with dedication. The scheme ensures the completion of the higher education students. It strengthens the relationship between the teacher and students where the teachers work beyond the boundaries of the classroom and staffroom and thus becomes a part of student’s family. With this financial help, the struggle and energy of students for earning is saved and they can concentrate on academic performance. It is observed that as a result of closer relation between the teacher and students, academic performance is improved.

**Best Practice II**

**2) Title: - Farmers Suicide Relief Fund**

**Objectives:**

- To sensitize staff and students towards social problems like “Farmers’ Suicides”.
- To ensure the students participation in extension / outreach activity.
- To provide financial help to victimized families for building a sustainable source of livelihood.
- To ensure a sense of social responsibility in the staff and students.
- To create a bond of affection and care between community and college stakeholders.

**Context :**

Economy of our country is based on agriculture. Major part of our population depends on agro based employability. Farmers are the backbone of this system. Lack of political will power, social inequality, economical imbalance and changing climate conditions have intensified agricultural problems of our country. Low yield, rising cost of seeds and fertilizers, inadequate rates of agricultural produce and unavailability of irrigation facilities leads farmer to great distress. Some of those affected badly committed suicide in Vidarbha Region.

The institution has carried out a survey of victimized families with the help of students particularly of Arvi Tehsil. The survey results are self-explanatory and assisted us to select the most affected families for financial help.

**Practice:** Initially the list of victims during last five years is obtained from Tehsil office of Arvi.

- We prepared a questionnaire, that includes the information about present head of the family, number of children, status of education / earning, number of dependent members, physical amenities like television, dish T.V. ,Tape recorder etc. close relatives, help received from the relatives, help received from the government agencies and a nature of help they need from us.
- The students are selected according to the villages for survey of victims.
- NSS volunteers made survey of those villages where no students of college reside.
- Questionnaires are distributed to above selected students and teachers instructed them how to conduct survey. These students are asked to collect the information within a week.
- Teacher’s committee scrutinized the collected questionnaires and genuine ten families were identified.
- Principal with the committee members personally visited these ten families and most genuine five families are selected for financial help.
- Teaching and non-teaching staff voluntarily contributed and raised fund for financial help.
- The total amount was equally deposited, preferably in the name of girl child of the victim.
- College also provides free education to the wards of victims, if they seek admission to our institution.

**Evidence of Success :**

The scheme being launched in the current session, the evidence of success could not be traced now. But this endeavor may make a positive impact and generate confidence amongst the victimized families that the community stands for their support.

**Problems Encountered and Resources Required:**

- Identification of villages and a sensible pupil to collect the information was a difficult task.
- Availability of time was the main constraint in the implementation of working of this practice. But our students and teachers worked beyond the

college schedule for this noble cause.

- The main resources required were students, teachers, i.e. human resources and negligible stationary for printing questionnaires.

**Notes :**

“Farmers Suicide Relief Fund” is a need of the hour and every institution should raise the same for shouldering social responsibility. Intellectuals, scientists, agricultural scientists, intellectuals from the agro based industries and the politicians should collectively think over the disastrous condition of the farmers. All countrymen should make a revolutionary demand to have a separate budgetary provision in the annual budget of state and central government for agriculture field.

### 35. SWOC analysis of the department and Future plans

#### Strength

- Strengths of the language lie in its universal nature .Good Strength of the students - English being compulsory subject to all UG students.
- Department is fully equipped with Library books and favorable atmosphere for English learning
- The language laboratory boosts the speaking and learning ability of the students.
- Use of audio visual mode of teaching in smart class rooms generates students’ interest in teaching learning process.

#### Weakness

- Difficult to teach especially to students speaking in vernacular languages.
- Students run out of ideas while construction of personal response questions.
- Writing and reading flow is slow.

#### Opportunities

- Student can develop English language proficiency. Employment opportunities are available more readily for students, who are able to express themselves in the English language.
- The ability to speak English language in addition to student’s mother tongue gives an added advantage in a job search.
- With the visits of eminent visiting faculty in English students can have opportunities of interaction.
- English being global language, students can avail the opportunities to seek entry in the various sectors if he /she is competent in English.
- Skills gained from this area of study of English, can be easily applied to many career areas.

#### Challenges

- It’s a challenge to explain text fully in English to the students. They can understand the content of the lesson or poem if it is expressed in mother tongue.
- It is a challenge to conduct speech related learning activities.
- Students of English find that when they are away from classroom situation and try to speak and understand English in more general settings; making sense of the language and understanding it is more difficult.
- It is challenge to take out innate and unexplained fear of the English language, which makes them shy.

### **Future Plans - Department planned to Organize**

- To organize National Conference in English
- Screenings of films that are related to the courses taught
- Inter Collegiate Seminar Competition on Communication Skills
- Student Based Workshop on Group Discussion and Personal Interview
- Pronunciation skill workshop
- Student paper presentations
- Read-it-Aloud session

### **Research Areas**

(Status – Ph.D Thesis Submitted in 2016 – 2017 )

- Mr. Vijay M. Khadse – A Critical Study of Upamanyu Chatterjee’s Novels
- Mr. Anup V. Gumble – A Study of Man – Woman Relationship in Anita Nair’s *Ladies Coupe, Mistress and Lessons in Forgetting*
- Mr. Niraj P. Kendhe –The Contemporary Social Issues in the Plays of Mahesh Dattani.

### **Any other**

- Adopted students in Pupil Guardian Scheme.
- Guided students in mentor scheme.
- Conduct bridge course of the subject.

- To arrange campus interviews for better career opportunities.
- To start coaching center for BSRB examination.

**Any other**

- Adopted students in Pupil Guardian Scheme.
- Guided students in mentor scheme.
- Conduct bridge course of the subject.

## Evaluative Report of the Department Department of Physics (2011-2016)

1. Name of the department : Department of Physics
2. Year of Establishment : 1992
3. Names of Programmes / Courses offered (UG, PG, M. Phil., Ph.D., Integrated Master; Intregrated Ph.D., etc.) :

Courses	UG	PG
Year of Establishment	1992	-

**5. Annual/ semester/choice based credit system (programme wise):**

Courses	Pattern
UG	Semester pattern

6. Participation of the department in the courses offered by other departments: As admitted students of Physics Department are students of other departments so most of the students are involved in the courses offered by the other departments.

7. Courses in collaboration with other universities, industries, foreign institutions, etc.: Nil

8. Details of courses/programs discontinued (if any) with reasons: Nil

**9. Number of Teaching posts:**

**31. Number of students receiving financial assistance from college, university, government or other agencies:**

- Number of students receiving Financial assistance from faculties of the department : 03 (Under "DATTAK PALAK YOJANA").
- Many students receive funds under various GOI scholarships.

**32. Details on student enrichment programmes (special lectures / workshops / seminar) with external experts:**

1. Workshop on 'Physics of Heart' by Dr. B.H. Pawar.
2. Seminar competition for UG students on the occasion of National Science Day.
3. Invited Talk on 'Astronomy: A Practical Approach' by Prof. N.D. Khaire

4. Guest lecture on Nanotechnology by Dr. S.S. Kwar
5. Workshop on Astronomy by Mr. Vijay Girulkar

**33. Teaching methods adopted to improve student learning:**

- Traditional Teaching Method
- ICT based teaching
- Expert Lectures
- Use of Charts & Models
- To improve practical knowledge, department involve the students to assemble electronic kits of practicals.

**34. Participation in Institutional Social Responsibility (ISR) and Extension activities:**

- Participated in AIDS Awareness Rally
- Faculties in department worked as Examiners for Taluka level & district level science exhibitions.
- Sky watch program organized for public on the occasion of Lunar Eclipse.
- Faculty member Mr. G.R. Yerawar delivered guest lecture for competitive examinations.
- Department carried out awareness program for energy saving and use of LED bulbs.

**35. SWOC analysis of the department and Future plans: Strength:**

**Strength**

- Well qualified, punctual and devoted faculties in the department
- Well equipped laboratory and scientific environment.
- Established the center for Astronomical Observation for students and people of society.
- Sufficient Computer facility with internet connection.
- Faculties devoted towards social activities like “ Dattak Palak Yojana”
- Faculties aware about recent teaching methods.
- Special focus to improve weaker students [Cluster System]

**Weakness:**

- Research recognition to the Laboratory is not available.
- Placements of students is less.
- The progression from UG to PG and for higher education is less.

**Opportunities:**

- Students have opportunities for research in basic sciences in reputed institutes like BARC Mumbai, TIFR Mumbai, RRCAT Indore as a scientist.
- Students have opportunities in IIT for M.Tech. courses
- To develop the carrier in IT sector.
- More opportunities in the field of software and hardware.
- Have opportunities in Astro-Physics, Electronics and Tele-Communication

**Challenges:**

- To create more interest among the students about subject.
- To maintain the better result.
- To increase the numerical aptitude of the students.
- To increase the involvement of students in research due to academic limitations.

**Future plans (Road map):**

- To apply for Minor and Major Research Projects
- To organize the Students’ seminars.
- To organize National level seminar.
- To publish research papers in peer reviewed journal having impact factor.

**Any other**

- Adopted students in Pupil Guardian Scheme.
- Guided students in mentor scheme.
- Conduct bridge course of the subject.

**Institutional Social Responsibility (ISR):**

- Participated in green day, (No vehicle day) Celebration
- Participated in green and clean college campus
- Participated in Aids rally

**Extension activities:**

Participation in NSS residential Camps.

**35. SWOC analysis of the department and Future plans : Strength:**

- Consistently Satisfactory result
- Qualified and well experienced teaching staff.
- Punctual and technosavy technical staff.
- Well-equipped laboratory with advanced instrumentation.

**Weakness:**

- No research recognized laboratory
- Insufficient permanent faculty for P.G.

**Opportunities:**

- Good employability in teaching and Industrial field.

**Challenges:**

- To develop ideal chemistry department with reference to research activities and proper infrastructure and student centric teaching-learning center.

**Future plans (Road map):**

- Visit to various institute & industries
- To increase the no of research paper publication.
- To develop research facility in the department.

**Any other**

- Adopted students in Pupil Guardian Scheme.
- Guided students in mentor scheme.
- Conduct bridge course of the subject.
